POLICIES & PROCEDURES

1. The minimum order depends on customer type, please contact our customer service department to determine your minimum order. ALL ORDERS ARE COD. Special arrangements **ONLY** by the Accounting Department.

2. ORDERS MAY BE PLACED between 8:30 AM and 4:00 PM Monday through Friday. Orders should be placed 2 business days prior to the day that your run leaves our warehouse. **PLEASE CONTACT YOUR CUSTOMER SERVICE REPRESENTATIVE REGARDING RUNS AND DELIVERY SCHEDULE.** Any schedule change that we make to accommodate holidays are posted in the catalog. Please refer to your route number when inquiring about your delivery.

3. COLLATE YOUR ORDERS before calling them in, ordering total quantities of each item. Multiple entries cause errors and confusion.

4. REPACKS: Items with one * are repacked in 5# increments for an additional **25 cents per pound**. Two ** indicate 10# and 11# increments with an additional charge of **15 cents per pound**:. Sale prices apply to full quantities only. Repacks revert to the regular price plus the repacking charge.

5. CHEAPER BY THE CASE: Most grocery and packaged items are available by the each but when purchased in a full case quantity, a 10% discount is applied. Likewise, the sale price on eaches is 10% more when purchased as a case. A 10% case discount applies to the grocery, household, haba & pet categories – frozen and refrigerated items get a 5% discount only.

6. PRICES CAN CHANGE WITHOUT NOTICE, as prices from our suppliers fluctuate. We try to inform you of changes as you order.

7. SALES TAX: We **MUST** have your tax exempt number on file in our office in order to sell you taxable items without charging sales tax.

8. WE TRY TO BE ACCURATE in our descriptions and ingredients. It is important to us to represent products honestly but we cannot be responsible for typographical errors or omissions. Let us know if we are in error and we will try to correct the mistake.

9. DELIVERY TIMES ARE APPROXIMATE. It is impossible to estimate your delivery time until all the orders for a run are placed. Call the day of or the day before your delivery and we will try to approximate your delivery time. When inquiring about delivery schedules and times, please refer to the route number which appears on the heading of every invoice. Our drivers will do their best to let you know when to expect them and will call you ahead if you request this service when ordering. You must provide an alternate contact person and phone number if you will be unreachable the day of delivery. We will try to reach you; please try to be reachable! If you have any questions, please inquire. We'll help if we can.

10. PLEASE HELP THE DRIVERS UNLOAD YOUR ORDER. They have come a long way and they have a long way to go. Anticipate the truck's arrival by scheduling personnel to help the driver unload the truck and provide an adequate site for unloading the truck that is level and off the road if possible. Walkways and stairs should be free of ice, snow and other hazards to minimize the risk of injury to our drivers and those helping them. We reserve the right to not make a delivery if doing so endangers the truck or the driver. Both are valuable to us, so we ask for your understanding if weather, road or other conditions prevent us from making your delivery. Safety is our primary concern. We reserve the right to assess a **DELIVERY CHARGE** to accounts that do not have help for our drivers. This is a case by case assessment. You will be notified if we feel that it is appropriate to apply this charge.

***** Please verify a piece count with the driver.**

11. WE CANNOT ACCEPT CASH PAYMENTS: Please do not pay our drivers in cash. They will not be able to accept cash, so payments must be made by check or money order. If this presents a problem, please contact customer service to make other payment arrangements.

12. BAD CHECKS: We charge \$20.00 for each bounced check. Please communicate with us and avoid having your checks returned.

13. SPECIAL ORDER POLICY: Please **BE SURE** that the items you special order with us, are in fact what you want. You must provide accurate and complete information about the product. We do provide pricing on special order items.

a) All special orders are pre-pay. We will not place your order unless we have received payment from you.

b) The only exception is for regular, weekly customers who may circumvent this process **ONLY** if we have a commitment form signed by the store manager. We will automatically bill your account for the product regardless of whether you or your customer changes their mind. There are no exceptions here, so please be sure about special orders before you make a commitment. Once we place this order with our vendor, the product belongs to you- **NO EXCEPTIONS.**

14. RETURN POLICY: If there are errors, damages or missing items on the order being delivered, our drivers are authorized to make the necessary invoice adjustments. Any problems with your order after the driver has left **MUST** be called into customer service **WITHIN 7 DAYS.** Be sure to ask for your credit confirmation number from the representative who assists you. The confirmation number will help expedite the credit process.

We will **not be responsible for any freight charges** on product returned by any means other than our trucks. If you get delivery via any common carrier, please be aware that you will **NOT** be able to return unwanted or damaged product. Please sign the bill of lading listing damages. We will file a claim with the trucking company who delivered your order.

Returns do not guarantee credit will be issued. All claims must be verified by our internal staff. If claims cannot be substantiated, product will be returned on your next order at no additional charge.

Our drivers are not allowed to pick up returns from a previous shipment unless you have called our customer service department for a credit authorization number. The driver must have an authorization form pre-approving pick up of product. Credits will not be issued on product returned without prior authorization.

*****PLEASE NOTE:** All products **MUST** be returned in the original packaging and in resaleable condition. Price stickers must be removed prior to returning and products must be in the original lot size sold. Organic repacked product must have the AB label with the lot number. **NO EXCEPTIONS WILL BE ALLOWED.**

Associated Buyers reserves the right to charge a 15% restocking fee on all mis-ordered items. All credits are issued upon receipt of the merchandise to our warehouse for evaluation.

15. ADDRESS YOUR CONCERNS, questions or return information to the same customer service representative until the issue is resolved. Please ask for their name if we neglect to give it to you. Any follow-up calls that may be necessary should be directed to the same person unless they are unavailable.

16. BOTTLE POLICY: Deposits at 5 cents per bottle or can on carbonated beverages. We will pick up empties in Maine, Vermont, Massachusetts. Maine bottle return also includes 32oz glass juice bottles. Please put them back, rinsed, in their original cartons. We can only be responsible for cans and bottles from products which you purchase from us. NH does not require a bottle deposit.

17. BOTTLE RETURNS should be made to Associated Buyers whenever possible. All bottles must be washed out and free of their caps before our driver will pick them up. We will not pick up or give credit for returns which are not properly cleaned. State return bottle laws include "CLEAN" as a condition of return, and we will enforce the rules. Redemption Centers are difficult for us to pick up from, therefore we prefer receiving bottles and cans back from our customers. **NO CAPS**

18. OUR FULL CATALOG IS AVAILABLE IN ELECTRONIC FORMAT, (Excel, or PDF- please specify one). Please visit our website at www.assocbuyers.com to create a customer login that will allow you to download the catalog. (Please note when downloading a PDF of our complete catalog that it is a very large file!)

Riceworks Rice Chips

Riceworks is the innovative snack company dedicated to bringing you healthier, gluten-free foods that taste surprisingly great.

About Riceworks

Riceworks were officially created in 2005 when a family rice grower started experimenting with snacks he could make with brown rice. Turns out, he was on to something.

We're sure glad he kept with it. Since those early days of experimenting in the fields, Riceworks snacks have evolved and expanded considerably as a part of the Wholesome Goodness family. Using real ingredients like whole grain rice is important to us, and allows us to make this delicious gourmet snack that is gluten-free with no artificial flavors or preservatives.

With several mouthwatering flavors to tantalize your taste buds, one crunchy bite at a time.

The Riceworks team

The Riceworks team is passionate about making great snacks. We're snack-lovers too, and care about what goes into making tasty products that our fans love. We crave real, wholesome food that tastes amazing, just like you. From the office to the production plants, our staff cares about crafting the very best products.

We care about food safety

It's important to us to select and review where our ingredients come from, and ensure that food safety regulations have been met and exceeded. From when it is harvested on the field of the farmer until we get it packaged to ship, quality is monitored and measured.

The good news

You can count on every bag of Riceworks to be:

- Gluten free
- Whole grain rice
- 0 grams trans fat
- No preservatives
- Celiac friendly

4 Flavors!

Salsa Fresca Rice Chips

Salsa Fresca has a unique new take on authentic Mexican flavor. Indulge in the goodness of pico de gallo – also known as salsa fresca – with this zesty, yet mild flavor you are sure to love.

Elmhurst

*Established 1925.
Founded 2017.*

In 2016, Henry Schwartz closed New York City's last dairy, **Elmhurst**. This wasn't easy; **Elmhurst** had been in his family over 90 years, since his father and uncle hand-bottled and delivered milk to Queens and Brooklyn in a truck full of ice blocks. The cows had long since gone, but a famous tradition had ended...

...Until 2017 when **Elmhurst** reappeared as, of all things, an innovative plant milk company. How could a committed dairyman like Henry make this shocking change?

Henry was concerned, but also intrigued by a steady decline in dairy consumption and the changing American diet. More and more people were eating healthier, adopting plant-based alternatives, and becoming mindful of environmental impact. Actually, so was he.

"Making plant milk might have seemed like a radical turn after a life in dairy – yet to me it was perfectly logical, probably even necessary."

~ Henry Schwartz

Henry could see the future of "milk" – and the possibility of evolving into a non-dairy company. But what did he know about plant milks? Then fate intervened. Around this time, Henry had a chance meeting with a famous plant food scientist, Dr. Cheryl Mitchell, who just so happened to be looking for a partner to help bring her revolutionary HydroRelease™ milling process to market.

"HydroRelease embodies simpler, better nutrition. Not only do we harness the full nutritional quality of the source ingredient. We do it naturally, without adding junk."

~ Cheryl Mitchell

About Paleonola

Healthier Living Through Real Food Ingredients

Who knew that a desire to change our eating habits would end up becoming something much bigger. What began in 2010 as a snack that helped us live healthier lives, turned into the passion project of a lifetime.

Founded upon the belief that choosing the right foods could have a major impact on your health and well-being, **Paleonola** was born out of the need for change in the options on the shelf. We wanted more from the products we consumed.

So, when we developed this delicious grain-free granola, we knew it was too good to keep it to ourselves.

We pride ourselves on being as real as the food we make. This prompted the burning desire for transparency in all of the ingredients we use.

Everything we make is listed on the label and there's no mystery ingredients or natural flavors to hide. We use the best of what Mother Nature has to offer. Our belief in real food has allowed us to develop some of the best tasting granola available today.

About Brewer's Crackers

Started by brothers Kyle Fiasconaro and Matthew Fiasconaro, **Brewer's Crackers** is a "spent grain" food company leading the drive to reduce food waste in the craft brewing industry. Instead of ending up in a landfill or farm for animal feed, **Brewer's Crackers** takes spent grains from breweries to create their line of sustainable products.

Brewer's Crackers Adding Pita Chips to Line of "Spent Grain" Products

Family-owned, upcycled food company, known for its mission to reduce food waste, packs more flavor and purpose into entire line-up of snacks.

Somerville, Mass. (April 13, 2021) – **Brewer's Crackers**, a family-owned food company with a mission of upcycling brewer's spent grain (BSG), today introduced Pita Chips to their line of nutritious and sustainable products. **Brewer's Pita Chips**, the company's first new product in two years, will expand their mission of sustainability while giving the classic snack a nutritious and environmentally conscious spin.

Brewer's Pita Chips have the crunch of a classic pita chip, but with added flavor and nutrition thanks to the upcycled grains from craft breweries. Available in Rosemary and Sea Salt flavors, the Pita Chips are a great source of whole grains, thoughtful ingredients and a quality snack at an affordable price.

continued

"Chips don't need to be junk food and empty calories. I think Brewer's has a unique opportunity and obligation to share upcycled grain with the world in hopes of helping people gain more nutritional and environmental value from their food dollar," said Founder Kyle Fiasconaro.

Brewer's is leading the drive to reduce food waste in the craft brewing industry. Instead of ending up in a landfill or used as animal feed, spent grains add flavor and nutrition to Brewer's entire line of products, including their latest Pita Chips. Originally created to upcycle grains that otherwise may have gone to waste, **Brewer's** is focused on bringing thoughtful, nutritious, and environmentally conscious food to the world. **Brewer's** estimates that to date they have saved over 200,000 lbs of BSG from landfills.

"Malted grains are a not-so-secret ingredient that have been utilized in the baking industry for generations, so why not chips? It seems like an amazing way to educate and snack at the same time," added Fiasconaro.

About Brewer's Chips

We make our chips using Up-Cycled brewery grains, a valuable byproduct from the beer making process. When making beer, brewers steep super high-quality grains, like barley, in water.

They then strain this mixture, keeping the liquid to make beer and discard the "spent" grains. Turns out, these grains are still incredibly flavorful and nutritious. We recycle these saved grains into our crackers to reduce food waste.

Sea Salt Pita Chips

A healthy amount of whole grains and the perfect amount of sea salt. They pair perfectly with Dips, Cheese, Soup, salad or just to snack on.

Ingredients: *Wheat Flour, Sunflower Oil, Up-Cycled Brewer's Grain (Sprouted Barley, Sprouted Wheat), sugar, Sea Salt, Oat Fiber, Yeast.*
Contains: *Wheat.*

Item #38702 – 6/7 OZ

Rosemary Pita Chips

A perfect balance of herbaceous flavor and all-natural salt. The familiar rosemary pairs excellent with the nutty notes of the roasted barley and wheat.

Ingredients: *Wheat Flour, Sunflower Oil, Up-Cycled Brewer's Grain (Sprouted Barley, Sprouted Wheat), sugar, Dried Rosemary, Sea Salt, Oat Fiber, Yeast.*
Contains: *Wheat.*

Cape Cod Ginger Beverages

Cape Cod Ginger

Our Story

Richard Monroe has been interested in Ginger for over 60 years back to when he was a little boy enjoying his Aunts family Ginger beverage recipe. As he grew the interest also continued to grow. When he entered the US Army in the late 60's he was stationed in Okinawa where ginger was prevalent in just about everything.

Returning to the states the experiments blossomed into a pallet friendly organic beverage based on the old family recipe. The rest is history, the lightly carbonated Certified-Organic-Ginger beverages are now available in 6 flavors with more on the horizon.

Cape Cod Ginger Beverages are one of the few Certified Organic Ginger Beverages on the market and made in the United States. The Original Flavor of our Ginger Beverage has only 5 ingredients. Our Beverages are Certified Organic, Prebiotic, Gluten Free, Non GMO, Vegan, Cold Pressed Ginger, Kosher, BPA Free and No High Fructose Corn Syrup, (only Raw Organic Cane Sugar).

Certified Organic Beverage where the only Sweeteners are Organic Raw Cane Sugar and those natural to the Organic Flavors.

"When you properly blend a few real Organic ingredients together you end up with a truly Exceptional product."

"It is a beverage everyone can enjoy with Peace of Mind."

Bella Terra
ORGANIC

The weather and soil conditions of Southern Italy combine to create the best tomato growing region in the world - San Marzano. *Bella Terra* Organic Diced Tomatoes are grown in the rich volcanic soil of Mount Vesuvius. Raw volcanic and organic material gives the soil its unique physical and chemical characteristics, making it highly fertile. The lower acidity of the tomatoes grown in the San Marzano region results in a delicate and mildly sweet taste, ideal for creating classic Italian sauces. And with dual certification by both U.S. and Italian organic agencies, you are assured nothing but the purest of Italian tomatoes.

Vermont Nut Free Chocolate

Company background/information

Vermont Nut Free Chocolates was founded in 1998 by the mother of a little boy with a potentially life-threatening peanut allergy. Gail and Mark Elvidge first learned of their son Tanner's allergy when he suffered a reaction at 8 months old. They were shocked, concerned, and frightened to see this reaction in their small child.

To ensure their son's safety they began to thoroughly read ingredient labels and discovered that the hardest product to find for a nut allergic child was chocolate.

Many chocolate companies manufacture products that contain nuts which makes their other products unsafe for nut allergies because of cross-contamination on shared production lines and facilities. Not wanting Tanner to miss out on a childhood indulgence Gail began making homemade chocolate that was guaranteed safe.

The combination of love for her son and passion for chocolate inspired Gail to create **Vermont Nut Free Chocolates**, a company dedicated to making quality tree nut and peanut free confections. For the first two years, Gail and Mark ran the business out of their Vermont home, hand making all the chocolates in their kitchen.

Vermont Nut Free Chocolate

Company background/
information
continued

Previously located in the beautiful Lake Champlain Islands for the past 20 years, **Vermont Nut Free Chocolates** recently relocated to Colchester, Vermont and is proud to continue their production in a dedicated nut-free facility with over 30 devoted employees. In addition to ordering online, customers can now find our products in over 500 stores nationwide.

Vermont Nut Free Chocolates is committed to providing quality chocolates and treats that are safe for those with tree nut and peanut allergies. We honestly believe that those with and without nut allergies will find our gourmet chocolates to be among the finest they have ever tasted.

Oggi Foods

Authentic Italian Gluten-Free Foods

Pizzas

Oggi Foods is a pioneer in producing gourmet and authentic gluten-free Italian pizzas. Our story originates in the Naples region of Southern Italy. It was here that pizza was created and the standards of quality and taste set. Using our Neapolitan recipes we created an authentic pizza without the gluten and with the finest GMO-free ingredients.

After seeing so many people struggle to find great tasting pizza without gluten, Oggi Foods wanted to create the perfect pizza crust that would not only cater to people suffering from celiac disease but anyone who just wants great tasting pizza. Keeping up with the Better-for-you food market we have also teamed up with **Beyond Meat®** to create 100% plant-based/vegan pizzas.

These Beyond Meat pizzas will have even non-vegans looking for a second slice! Each crust is hand stretched and stone baked delivering a true traditional style pizza.

Authentic Italian Gluten-Free Foods

Pizzas

continued

Winning multiple awards our gluten free crusts are the only one's in the industry with rising air pockets. By combining traditions and modern innovation Oggi has made the best gluten free pizza on the market!

Our gluten free pizza is easy to prepare allowing you more time to spend enjoyed at the table!

Pizza Crusts

Our pizza crust dough is made without GMO's, gluten, eggs or dairy, and true to our Neapolitan family heritage, our crusts are hand stretched and stone baked. The result is perfection – authentic Neapolitan flavour and texture, with a genuine rise.

We only use extra virgin olive oil when making our delicious gluten free crusts and hold taste and quality to the highest of standards. Oggi strives to create the best fresh frozen products, that are delicious, nutritious and allergen free.

What one loyal customer has to say: 'I am highly chemically sensitive, and as such have had to cut out all grains from my diet due to the widespread use of glyphosates in the harvesting practices of grains.'

I was so happy and excited when Back Roads Granola announced that their oats have been certified glyphosate-free. That just shows how committed they are to bringing their customers high quality, clean food.'

Today's savvy consumers continue to demand to know what's in their food. At the top of the list is concern over glyphosate contamination. Family-owned Back Roads Food Company, continues to further their mission & show their commitment to providing customers with the cleanest foods possible.

You can trust Back Roads.
