

Installation Instructions

10-778 Crossover Double Firebox Mount Adapter

1. Open tables of the Double Burner Firebox.
2. Remove cooking rack.
3. Lay Firebox on back face. (Make sure grease trays are empty or removed).
4. Clean mounting surface and ensure there is nothing sticking up or stopping the adapter plate from laying flat.
5. Mount adapter plate to underside of Firebox, aligning center holes.
6. Use provided hardware to mount the adapter to Firebox and tighten once all installed. (See Diagram)
7. Mount your Slide Mount, Trailer Hitch or Quad Pod top bracket to center holes using hardware provided with your mounting System.
