MARINE & OUTDOOR PRODUCT CATALOG

MODULAR COOK SYSTEM

SINGLE FIREBOX

Build your perfect outdoor cooking experience. Just add any accessory top to start building your Magma modular cook system

Single Burner Firebox Brushed

Shelves Closed: 22 x 18.5 x 9 in (55.9 x 47.5 x 23.3 cm)

Shelves Open: 40 x 18.5 x 9 in (101.5 x 47 x 22.5 cm)

CO10-101

MATERIALS

- ♦ Durable, brushed 304 stainless steel is easy to clean and holds up in the elements
- ♦ Durable, heat-resistant thermoplastic handle and controls
- ♦ Easy-to-clean, removable stainless steel cooking grate

EFFICIENCY

- ♦ 15,000 BTU high-efficiency burners produce an ultra-clean blue flame
- ♦ Built-in wind deflector protects the flame in windy conditions

FEATURES

- ♦ Fold-out food preparation shelves with 25-pound weight rating lock in place and has reinforced support
- ♦ Removable shelf inserts with integrated channels to control juices are FDA approved and dishwasher safe
- ♦ Quick-release gas connector
- ♦ Accepts a 1-pound cylinder, 20-pound tank or hooks directly to an RV or boat gas line
- ♦ Attachable molded plastic platform holds a 1-pound gas cylinder at a 35-degree angle for optimal gas flow

CONTROLS

- ♦ Piezo ignition for a single-click, easy start and never needs batteries changed
- ♦ Innovative altitude adjustment system keeps a consistent flame in different altitudes
- ♦ Unique single starter/control knob has beveled base to prevent damage if bumped
- ♦ Ventilation on front panel provides airflow to keep controls cool
- ♦ Burner access holes allow view of lit burner and the ability to light burner manually

MODULAR COOK SYSTEM

DOUBLE FIREBOX

Dual Burner Firebox Brushed

Shelves Closed: 32.4 x 19.5 x 9 in (82.3 x 49.5 x 23.3 cm)

Shelves Open: 67.5 x 19.5 x 9.5 in (171.5 x 49.5 x 24 cm)

CO10-102

EASY TO CONNECT:

The Crossover FireBox offers the ability to find the perfect mount that allows it to be connected where it fits best.

EASY TO TRANSPORT:

Convenient side handle and closure latch make the FireBox easy to secure and transport.

EASY TO CLEAN:

Sliding drawer, at the back, collects grease while using GriddleTop, GrillTop, Pizza OvenTop, or PlanchaTop.

TOPPERS

With a wide range of Accessory Tops, the Crossover Series will help you create magnificent meals for breakfast, lunch, and dinner

Grill Top

Size: 17.7 x 16.2 x 9 in (45 x 41 x 23 cm)

Lower Cooking Surface: 14 x 14 in (35.6 x 35.6 cm),

Warming Rack: 15.5 x 4.2 in

(39.4 x 10.7 cm), 65.1 sq in (421.6 sq cm)

CO10-103

MATERIALS

- ♦ Durable, brushed 304 stainless steel is easy to clean and holds up in the elements
- ♦ Cast aluminum base prevents heat distortion to maintain a perfect fit with the FireBox
- ♦ Durable, heat-resistant thermoplastic handle

FEATURES

- ♦ Grill Top heats-up quickly and reaches temperatures of up to 700 degree

- ♦ Innovative diffuser under cooking surface provides even heat for entire grill
- ♦ Diffuser plate funnels grease away from the burner to maintain temperature and control smoke
- ♦ Integrated thermometer on the lid
- ♦ Easy to set up, Simply position on top of the FireBox and the special integrated channel sets the Grill Top securely in place
- ♦ Easy to Transport, Convenient front handle and closure latch make the Grill Top easy to secure and transport

Pizza Oven Top

Size: 17.9 x 16 x 9 in (45.5 x 40.7 x 12.1 cm)

Lower Cooking Surface: 14 x 14 in (35.6 x 35.6 cm), 196 sq in (1267 sq cm)

Door Opening: 14.25 x 3.5 in (36.2 x 8.9 cm)

CO10-105

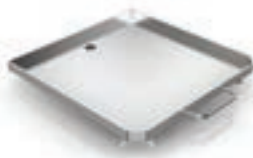

MATERIALS

- ♦ Durable, brushed 304 stainless steel is easy to clean and holds up in the elements
- ♦ Cast aluminum base prevents heat distortion to maintain a perfect fit with the FireBox
- ♦ Durable, heat-resistant thermoplastic handle

FEATURES

- ♦ Pizza OvenTop heats-up quickly and reaches temperatures of up to 700 degrees
- ♦ Curved inner liner circulates heat and maintains temperature for even cooking of crust and toppings
- ♦ Airflow opening on the sides and back help prevent overheating
- ♦ 1/2 inch thick removable pizza stone accommodates a 12" pizza
- ♦ Integrated temperature gauge
- ♦ Double-wall door with window allows front of oven to stay cooler

Plancha Top

Size: 17.8 x 16 x 1.8 in (45.1 x 40.7 x 4.5 cm)

Cooking Surface: 14 x 14 in (35.6 x 35.6 cm) 196 sq in (1267 sq cm)

CO10-106

MATERIALS

- ♦ Oil-coated steel
- ♦ Steel base prevents heat distortion to maintain a perfect fit with the FireBox

FEATURES

- ♦ Elevated plancha surround design keeps food and grease splatter contained

Griddle

Size: 17.6 x 16 x 4.7 in.

(44.9 x 40.5 x 12 cm)

Cooking Surface: 14 x 14 in
(35.6 x 35.6 cm)

CO10-104

MATERIALS

- ♦ Non-corrosive, cast aluminum with non-stick surface
- ♦ Cast aluminum base prevents heat distortion to maintain a perfect fit with the FireBox
- ♦ Airflow openings under cooking surface help prevent overheating

FEATURES

- ♦ Elevated griddle surround design keeps food and grease splatter contained
- ♦ Innovative diffuser plate under cooking surface provides even heat for entire griddle
- ♦ Airflow openings under cooking surface help prevent overheating

Quad Pod

Size: 9 x 32 x 30 in.
(23 x 82 x 76 cm)

T10-348

MATERIALS

- ♦ Cast aluminum and aluminum tubing

FEATURES

- ♦ Designed for use with Magma rectangular grills, Crossover Firebox, or tables
- ♦ 4-leg "quad" design provides maximum stability while also saving space
- ♦ Quick-release locking system allows for easy setup and take-down of grill

Trailer Hitch

Size: 19 x 4.5 x 23 in.
(48.3 x 11.4 x 58.4 cm)

T10-343

MATERIALS

- ♦ Cast aluminum and stainless steel tubing

FEATURES

- ♦ Designed for use with Magma rectangular grills, Crossover Firebox, or tables
- ♦ Built-in leveler allows for 20 degree adjustment on uneven terrain or tables surface
- ♦ Quick-release clamp to rotate and secure grill
- ♦ Quick-release pin to remove tubing assembly from the receiver plate
- ♦ Threaded pin to lock and stabilize hitch in place

Monterey II Infrared Gas Grill

Grill area: 420 sq in (2710 sq cm)

Primary: 12 x 24 in (30.5 x 61 cm)

Secondary: 5-1/2 x 24 in (14 x 61 cm)

A10-1225-2GS

Our top-of-the-line Infrared Grills are finely crafted with a beautiful and elegant design. Built to perform in difficult, windy conditions, these grills feature a glass viewing window, the latest combustion system, and an electronic pulse ignition system.

Magma's "Anti-Flare" Infrared Technology produces intense, evenly distributed heat and immediately emulsifies drippings giving your meal a great smoky flavor. Constructed of 100% 18-8 mirror-polished, marine-grade stainless steel to withstand the harshest of environments. The primary and secondary grilling surfaces give you the option of searing, slow cooking, or warming. The swiveling control valve/regulator, designed for 1-lb disposable propane canisters, allows for quick, safe fuel canister exchanges. All Magma gas grills easily adapt to existing onboard propane (LPG) or natural gas (CNG) fuel systems with one of our optional control valves.

- 1 Ultra-High Temp Glass Viewing Window**
- 2 Completely Redesigned Combustion System**
 - Won't blow out in windy conditions
- 3 Advanced Electronic Pulse Ignition System**
 - Lights the first time, every time
- 4 Infrared Radiant Screens** • Intense, even heat for searing • Reduces flare-ups • Eliminates blowouts
- 5 Stainless-Steel Hermetically Sealed Thermometer**
- 6 Perfectly Balanced Lockable Lid** • Won't slam shut
 - Secures all inner components for transport
- 7 Full, Double Lined Lower Safety Shell** • Funnels grease into front access grease tray reducing flare-up & heat discoloration.
- 8 Sectional Grill Grates** • Durable Stainless Steel
 - Fits nicely in sinks or dishwashers
- 9 Warming Rack/Secondary Grilling Area** • For slow grilling or warming (Catalina and Monterey models only)
- 10 Stainless-Steel Dual Element Infrared Radiant Plate**
 - Infrared technology • High, even radiant heat
 - Higher heat with less fuel • Easy to clean
- 11 Turbo Burner Design** • Durable Stainless Steel
 - Anti-blowout • High, even heat • Premixes air and fuel for a consistently hot, blue flame
- 12 Integrated Fold-Away Legs** • For onshore use
 - Completely hidden and out of the way when not in use
- 13 Front Access, Lock-In-Place Grease Tray**
- 14 Swiveling Control Valve/Regulator**
 - Allows quick, safe canister exchanges while grilling

THE MAGMA INFRARED ADVANTAGE

Stainless Steel Grill Grates

- Durable stainless steel
- Easy to clean

Stainless Steel Turbo Burner

- Durable Stainless Steel
- Anti-blowout turbo design
- High even heat
- Premixes air & propane for consistently hot blue flame

Infrared, Anti-Flare, Anti-Blowout Technology

- Infrared technology
- Stainless steel anti-flare, anti-blowout screens
- No liquid grease
- Vaporizes drippings, adds BBQ smoke flavor to foods

Dual Element Infrared Radiant Plate

- Infrared technology
- High even radiant heat
- Higher heat, less fuel

Mounts & serving shelves sold separately, fuel canisters not included

The Magma Advantage

Meticulous attention to even the smallest details creates the finest value grills available. Wind tested for perfectly even heat distribution; these grills offer the cooking performance usually only found in large, costly backyard grills. Easily transported, the fold-away legs are out of the way onboard, but readily available for that quick picnic on shore. The snap out radiant plate provides easy access for clean up yet allows the flame-kissed flavor for memorable meals aboard or ashore.

Designed for beauty and performance, these grills are constructed flawlessly for years of dependable use. The swiveling control valve/regulator, designed to use 1-lb disposable propane fuel canisters, allows for quick, safe fuel canister exchanges or easily adapt grills to existing onboard, low-pressure propane (LPG) or natural gas (CNG) fuel systems.

Cabo Gas Grill

Grill area: 9 x 18 in (22.9x45.7cm)
162 sq in (1045 sq cm)

A10-703 (shown )

Designed for today's boater who doesn't want to substitute quality for cost. The Cabo is made entirely of 18-8 mirror polished marine grade stainless steel. Manufactured with the same quality you've come to expect from all Magma products, this gas grill's features include an oversized balanced lockable lid with draw tight latch, durable heat resistant all weather plastic handle with air cooled supports, fold-away table top legs, locking grease tray with access from either side of the grill, and a convenient snap-out radiant plate assembly for even heat distribution. The Cabo truly is a go-anywhere grill to enhance all your outdoor adventures.

The BAJA™ Gas Grill by Magma is perfect for large groups, family picnics, camping, RV'ing, or tailgating at the big game. This grill's features include: 100% mirror polished stainless steel construction to withstand even the harshest environments, an efficiency designed combustion system that keeps the grill lit even in heavy winds and an electronic pulse ignition system that lights the first time, every time ("AAA" battery included). This grill has been equipped with fold-away tabletop legs and a hermetically sealed grilling thermometer. The swiveling control valve/regulator allows for quick, safe 1-lb fuel canister exchanges or easily adapts to larger propane tanks, natural gas, or existing low pressure propane (LPG) and natural gas (CNG) fuel systems. Highly fuel efficient, this grill's compact design, light weight, and large selection of accessories, make it the perfect addition to enhance all of your outdoor adventures.

The smaller relative of the BAJA™, the MESQUITE™ (shown right) is a full-service grill built into a compact, portable package. This grill boasts the same features and quality engineering as our larger models, all packed into a 9" x 12" grill surface. We don't compromise quality for size. Feed the whole family with the MESQUITE™ Traveler Series Gas Grill. **NOT FOR MARINE USE**

Del Mar Grill - Natural Gas

Grill area: 201 sq in (1296 sq cm)
Diameter 40-13/16 (1037 mm)

DM10-016NG

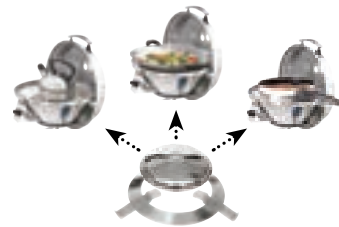

The Del Mar is a free standing residential grill for your patio, balcony, or terrace. Fully double lined lid and bowl construction; keeps it cooler for safety and guards against discoloration, while adding years of life to your grill. Magma's patented design utilizes fast and efficient convection cooking, giving you the hottest temperatures with the least amount of fuel. The cast Stainless Steel "Stay-Cool" handle with air cooled supports is attached to a balance hinged lid that will not slam shut. It's easy access push button, hide-away, swiveling control panel and piezo igniting system make lighting and controlling the flame height a breeze; yet allows it to be conveniently stored away when not in use for a nice clean streamlined appearance. The oversized base has three adjustable feet for perfect leveling on uneven surfaces. No large propane tank's required for this grill, it is designed to use standard, disposable 1 lb. propane canisters. The canister regulator is on a swiveling swing-out receptacle for convenient fuel canister exchanges. All interior components are easily accessible for quick and easy clean up.

Enhance your grilling experience with Magma's Marine Kettle 3 Combination Stove and Gas Grill. A redesigned version of our Marine Kettle 2, versatile and portable grills include features that are both useful and user-friendly. Incorporated with the latest dependable electronic pulse ignition system that lights the first time, every time. The mirror-polished, marine-grade stainless steel construction provides superior corrosion resistance in the harshest environments, while adding years of life to the grill. Dependable in a stiff breeze due to the virtually blowout-proof turbo venturi tube design. Our patented heat distribution system and burner direct more heat to the cooking surface than any other grill brand. The included swiveling control valve/regulator connects to 1-lb disposable propane fuel canisters and allows for quick, safe canister exchanges. With the purchase of an optional, low-pressure control valve, easily adapt to any existing onboard LPG (propane) or CNG (natural gas) fuel system. The latest features combined with Magma's patented radiant plate and dome system, make this the only boat grill that is truly a grill, stove, or oven—a great advantage to boats without a galley, or if the crew just wants to cook outdoors.

Marine Kettle Gas Grill

Original Size Diameter 15 in (38.1 cm)

A10-205

Party Size (shown ) Diameter 17 in (43.2 cm)

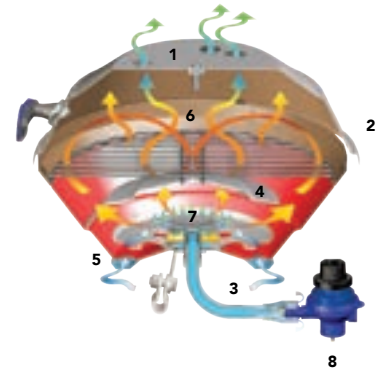

A10-215

A cost-effective grill that doesn't sacrifice performance. 100% 18-8 mirror polished, marine-grade stainless steel construction provides superior corrosion resistance. Magma's time-tested, high-efficient radiant plate heat distribution system in conjunction with convection heating technology achieves hot, even temperatures very quickly while using minimal fuel for searing steaks and fish or grilling up some burgers and franks.

Includes a perfectly balanced hinged lid that won't slam shut—with a sturdy, heat-resistant cast-plastic "Stay Cool" handle. An indexed bowl assembly enables the grill to be rotated allowing the lid to be used as a windshield. The redesigned turbo venturi tube makes it dependable in a stiff breeze and virtually blow-out proof. A swiveling control valve/regulator, designed for 1-lb disposable propane fuel canisters, allows for quick, safe fuel canister exchanges or easily adapts to existing onboard LPG (propane) or CNG (natural gas) system.

Party Size (shown ) Diameter 17 in (43.2 cm)

A10-114

Meticulously crafted of 100% 18-8 mirror-polished stainless steel for maximum corrosion resistance. Starts easily in windy conditions by using the lid as a windshield. Obtain perfect results through use of the rotating, adjustable height cooking grill and the variable temperature draft-control door. Our "Marine Kettle" design allows oven-type baking to enhance the grill flavor while retaining the food's natural juices. Cook more food faster on less grill area than any other charcoal grill. Safety and efficiency are obtained by closing the temperature draft control-door and extinguishing the coals for future use.

- 1 100% 18-8 Mirror-Polished Stainless Steel**
 - For lasting beauty and superior corrosion resistance
- 2 Balanced Hinged Lid**
 - Won't slam shut
- 3 Attached, Rotating Adjustable Cooking Grill**
- 4 Draft Door Assemblies**
 - Convenient temperature control
- 5 Lower Charcoal Grate and Sealed Ash Compartment**
- 6 Indexed Bowl and Lid Design**
 - Before lighting, grill may be rotated allowing lid to act as a windshield in gusty wind conditions
- 7 Magma's Patented Grill Design**
 - Utilizes both radiant and convection cooking • Quickly comes to temperature • Efficient grilling with minimal charcoal usage

The Magma Advantage

- **STANDARD DUTY MOUNT** **SD** Designed for use while anchored or moored. Though strong and versatile, should be stowed while underway.
- **HEAVY DUTY MOUNT** **HD** Designed specifically for grilling while underway. → **SINGLE MOUNT (SM)** → **DUAL MOUNT (DM)**

RECTANGULAR GRILL AND TABLE MOUNTS

STAND MOUNT

Quad Pod
T10-348

4 legged stand adjusts from
30" to 38" in height

SLIDE MOUNT

Locking Slide Mount
T10-345

Dual locking mount with quick-release
brackets. Fits all rect. grills & (SM) tables

PEDESTAL MOUNT

**28" (71 cm) Double Locking
Stowable Pedestal Mount**
T10-185

Fits all rect. grills & (SM) tables

**LeveLock® Adjustable All-Angle
Accessory for Magma Pedestal Mount**
T10-192

Adapts to T10-185 mount for level all-angle
adjustment. Fits all rect. grills & (SM) tables

FISH ROD HOLDER MOUNTS

**LeveLock® All-Angle Fish-Rod
Holder Mount**
T10-355

Fits all rect. grills & (SM) tables. Fits
standard fish rod holders

**"Pow'rGrip™ LeveLock®
Double Locking Fish Rod Holder Mount**
T10-375

Fits all rect. grills & (SM) tables. Fits
standard fish rod holders

**Socket Type Fish-Rod
Holder Mounts**
T10-360

**Fits Tempress Fish-On® & Roberts
Rod Holder Sockets**
Fits 12" x 18" or smaller rect. grills & (SM)
Tables Rod holder sockets not included.

Socket Type Fish-Rod Holder Mounts
T10-365

**Fits Scotty®/Striker Grip
Rod Holder Sockets**
Fits 12" x 18" or smaller rect. grills & (SM)
Tables. Rod holder sockets not included.
