

Care and Use: Magma Fish and Veggie Grill Trays

SAFETY

- Always use oven mitt or hot pad when handling a hot grill tray or removable handle.

BEFORE 1ST USE

- Wash in warm water with mild dishwashing detergent, rinse thoroughly, and dry.

USE

General

- Only use this product with grill lid open on low or medium temperature setting.
- Excess heat can be harmful to grill tray or the grill.
- Remove handle while in use, keep handle away from heat source.
- For best results, use a light coating of cooking oil or cooking spray.

Stainless Steel with Non-Stick coating

- Heat in excess of 550°F can be harmful to the non-stick coating.
- Never use knives to cut on or use this product as cutting surface.
- Damage to grill tray or grill sustained from excessive heat, metallic utensils, or knives is not covered under product warranty.

CLEANING

General

- Never immerse hot tray in water or run water onto hot tray.
- Once tray has cooled, wash in warm water with mild dishwashing detergent, rinse thoroughly, and dry.
- Dishwasher safe.

Stainless Steel

- Any remaining residue may be removed with cleanser or cleaner and scrub brush, cleaning pad, or sponge.

Stainless Steel with Non-Stick coating

- Never use abrasive cleansers or cleaners on non-stick surface.
- Any remaining residue may be removed with non-abrasive cleanser or cleaner and non-abrasive pad or sponge.
