This fine dining restaurant offers a culinary experience with an emphasis on wine. The restaurant's menu combines traditional French cuisine with about 600 selected wines from Croatia and around the world. The dining ritual starts by entering the cellar filled with arches and terracotta bricks and lit by unique hanging candle holders through a massive iron door. The stone floor accentuates the atmosphere of the cellar in contrast to the warmth brought to

the space by brick covered walls and carefully selected furniture.

MEDITERRANEO RESTAURANT

This fine dining restaurant offers an innovative blend of well-known traditional Greek, Spanish, Lebanese and North African specialties. Using old recipes as inspiration, the chef brings together well-known flavors in a direct, uncompromising and fresh manner. While enjoying selected Mediterranean delicacies, guests can enjoy the view of the pool, the magical cove and the romantic sunset.

LOCATION

The beauty of Rovinj lies in more than its maze of intertwined and mysterious streets; it takes you on a journey into the past all the way to the hill that reveals a grand Baroque architectural achievement, the Church of St Euphemia. The old town, situated on the peninsula next to the sea, is adorned by stone paths worn by time and numerous visitors who admire the traces of days gone by while the magnetic attraction of the town takes their breath away.

You should also not miss out on the opportunity to visit the nearby town of Pula, a town with an impressive Roman past and with magnificent amphitheater. The small fairytale towns of the Istrian inland also remind the visitor of days gone by. Good road connections make all the beauties of Istria easily accessible.
