FOOTBALL

ROVINJ / ISTRIA / CROATIA

Introduction

Rovinj is one of the three sunniest places on the Adriatic, so you can enjoy outdoor activities here almost all 365 days of the year because this place has always been the ideal choice for the preparation of athletes, especially football players.

Rovinj has already proven itself to be a safe destination as a winter camp for football players thanks to its high-quality sports facilities and a top quality accommodation and gourmet offer. During the winter, from January to April, a number of football teams from Croatia, Slovenia, Austria, Hungary, Germany, Switzerland regularly come here for camp and, during the pre and post tourist season, Rovinj has even hosted international tournaments that are listed on the FIFA calendar. The fact that Rovinj hosted the Croatian national football team, the "Vatreni" in as many as four qualifying rounds for major competitions, is proof that this city can provide the best conditions for the preparation of football players.

The Croatian Football Association (HNS) has been organising camps for all ages in Rovinj for many years as well as qualifying matches for U15, U16, u19 and u21 and for the women's team too, but also courses and seminars for UEFA referees and coaches.

Footballing infrastructure

Rovinj has a total of six football pitches with accompanying equipment, two of which are marked with the special international "FIFA Recommended" brand. One of the pitches equipped with stands with a capacity of 1,300 viewers is available for playing friendly or competitive games in front of the audience. Rovinj football pitches are regularly maintained and each has a drainage system. All playgrounds offer a functional infrastructure for organisation of high quality training camps.

In addition to the physical training facilities and dressing rooms for players and coaches, there is also a range of optional equipment including moving goals, hockey goals, nets and other sports gear.

Rovinj - Sport Center Valbruna

- Central Stadium (natural grass turf, 105 x 66 m, stand capacity 1.300), FIFA Recommended
- Football pitch 2 (artificial turf, 105 x 66 m, stand capacity 300), FIFA Recommended
- Football pitch 3 (natural grass pitch, 105 x 66 m, stand capacity 200)
- Football pitch 4 (artificial turf, 58 x 46 m, stand capacity 150)

Rovinjsko Selo

- Central Stadium (natural grass turf, 105 x 68 m, stand capacity 400)
- Football pitch 2 (artificial turf, 58 x 46 m, stand capacity 150)

Accommodation for football players

Maistra tourist complexes offer a wide range of top category accommodation capacities for football training camps on Rovinj's coastline as well as the necessary sport infrastructure with all accompanying equipment as well as nutrition designed for individual needs.

Rovinj's hotels [Hotel Eden](#) and [Hotel Lone](#) completely meet the demanding criteria set by winter training camps for football teams both with their services and facilities. Top quality players and those who are on the point of reaching the top of their game have saunas, indoor swimming pools and top quality and designer gyms, professional staff, customised diets, trim trails and a series of sports facilities within easy reach of the hotel at their disposal here.
