Neki preferiraju kiseliji, neki slađi, dok drugi još uvijek traže pravi omjer sastojaka. Neki vole osjetiti mjehuriće, a neki baš i ne. Neki uživaju u voćnim notama, dok su drugima draže one cvjetne. Neki ga ne vole uopće, ali kada probate naš džin i tonik prilagođen isključivo vama, vjerujte nam, postat ćete njegov najveći obožavatelj.

Some like it sour, some like it sweet, while others are still searching for the right balance. Some like to feel the bubbles fizzing, others not so much. Some like fruity notes, others like floral ones. Some don't like it at all, but when we make you a gin and tonic, you are sure to become a fan.
