ICONIC ARCHITECTURE

Featuring timeless design created for beauty as well as function, Star Metals Atlanta, consisting of a Class A+ office building, luxury residences, and a hotel, showcases upscale features, social and collaborative spaces, state-of-the-art finishes, panoramic views, and a cohesive design sensibility that inspires and transforms.

- 15 story, 267,000 SQ FT Class A+ office
- Varying floor plate sizes ranging from 18,000 to 36,000 SQ FT
- 16'-18' foot ceilings with floor-to-ceiling windows
- Myriad of floor plan options, styles, layouts and build-outs
- Magnificent 360° panoramic views of Buckhead, Midtown and Downtown
- "WELL Building" certified features
- "LEED Certification" sustainable design
- "WiredScore Platinum Certified" connectivity technology
- Green roofs and terraces on each floor
- Collaborative common indoor and outdoor spaces
- Touch-free transponder parking garage access
- Dramatic double-height lobby with ground floor retail, food and beverage, and entertainment options
