Do Your Most Inspired Work

Since its days as the Lee Tire and Rubber headquarters, the people who work here have been “reinventing the wheel”.

Today, the Spring Mill Campus has been redeveloped and unified to form a creative office space that inspires and connects those within it. By offering urban walkability and creativity in the heart of Conshohocken, we’re breathing new life into the suburban workplace.

The Flexibility and Capacity to Grow with Your Team

Spring Mill is ideal for companies that want to scale their business without uprooting their staff. By reviving original design elements tenants can enjoy Spring Mill’s historic charm while still having access to modern comforts and amenities.
