Our Lady's Message September 25, 2022

"Dear children! Pray that the Holy Spirit may enlighten you that you be joyful seekers of God and witnesses of love without bounds.

I am with you, little children, and, anew, I am calling all of you: take courage and bear witness to the good works that God is doing in and through you. Be joyful in God.

Do good to your neighbor so that it will be good for you on earth and pray for peace, which is threatened because Satan wants war and peacelessness.

Thank you for having responded to my call."

September 25, 2022, Marija speaks to Fr. Livio on Our Lady's message

Fr. Livio: Marija make some considerations. It seems to me a very beautiful and comforting message.

Marjia: Yes, the message is awesome because every time it seems to me that Our Lady has something more to say and today she still invites us to pray "that the Holy Spirit may enlighten us that we be joyful seekers". In Croatian it is a new word and a single word "bogotražitelji", seekers of God, witnesses of his immense, unlimited love. We are experiencing this love through all these years in which Our Lady is helping us to build a world of holiness, to be joyful witnesses for peace, in contrast to the one without God that belongs to the devil with war.

In Medjugorje there is a place indicated with a statuette that designates the place where Our Lady in the early years called us for the first time to confession and allowed us visionaries and the people with us to touch her gown. Whenever I get close to that place (I love to go there at night) I feel very excited. So, it was today! She told us to be joyful witnesses of God and of His immense, endless love.

We are witnessing paganism and atheism which together with other ideologies are taking us away from God. Our Lady does not get tired of telling us: "courage!" She is inviting us once again to courageously witness the works that God does within us and to our neighbor through us.

I wanted to share with you an extraordinary testimony about "being united". A group of parishioners of all ages arrived for the apparition, walking 38 km to ask for the healing of a 16-year-old girl whom the doctors had given no hope due to a virus that had made her fall into a deep coma. Because of the strong and firm faith of the parish priest who accompanied the group, the prayers, fasting, and adoration performed by the people, a miracle of the girl's complete recovery occurred.

She herself with her mother came to Medjugorje and together with me we thanked Our Lady. It was a testimony of profound faith, and this courageous act on the part of the priest showed us that Our Lady responds to our requests.

On the hill, in addition to the group, there were also other priests present for the apparition and in this regard, Our Lady restated the importance of asking the priests for blessings and prayers directly on us.

So, with great emotion I reported what Our Lady had told me to tell them, which was that their "blessed" hands infuse the blessing of God. I can give many examples of this – so emotionally strong – that have happened in Medjugorje in which those who ask with faith, receive a prompt response! Even just by witnessing the enormous love that God has for us, causes the conversion of so many young people who have not received any gift as yet.

Our Lady is encouraging us to pray to the Holy Spirit so that we can be enlightened, joyful bearers of peace and respect and help each other "because it will be good for us on earth" as She says.

If while Satan is strong, God's joy and love are even stronger, we must believe in it! We can become witnessed and intercessors for those who are far away and have not yet known God's love.

F.L. Marija I wanted to ask you something: when Our Lady tells us to bless and pray, do we have to do as She does and extend our hands above your heads?

M. Yes, Our Lady usually extends her hands, looks at us, blesses us while we realize that Heaven has come down to Our life is a passage towards eternal life, and She tells us not to be afraid of evil, but to live good by witnessing peace and prayer.

F.L. Marija, She used the word joyful several times, as if to say don't be sad.

M. Yes, just lately Our Lady has been very joyful. She is encouraging us to become seekers of the Good, of Peace! And the Lord enlightens us through the Holy Spirit until we become docile witnesses. It is also through the reading of Sacred Scripture that we become instruments where God works in an extraordinary way....
