

Lesson 5. SWEET RASPBERRY

Thread the needle with one strand of light-pink rayon thread and be ready to fill in the parts of the raspberry.

Madeira Rayon №40 col. 1120

Spread the stitches radiantly. Start from the corner and go to the sides.
In the familiar way (as you have done while contouring the hill) couch the contours of the berry with golden thread.

Stitch a tiny "french knot" in the joint parts (marked with orange circles in the diagram below and an arrow in the photograph on the left).

The raspberry is ready.
