

# Sterisol System Dispensers and accessories

## Properties

---

Sterisol System is a skincare system that offers high-quality products with no unnecessary additives and very low plastic consumption. These unique dispensers allow for airtight, hygienic and precise dispensing. The dispensers below can be used with all products of the relevant size in the Sterisol System.

## Sterisol System

## Maintenance

---

The transparent covers on the covered dispensers allow you to easily see how much product remains and when it is time for a replacement.

## Cleaning

---

All dispensers can be cleaned by wiping them off. Dispensers made of all plastic or all metal can also be washed. In the dishwasher, the water temperature may be a maximum of 93°C for no more than three minutes. Remember to completely disassemble the dispensers first; otherwise they may be warped by high temperatures. Reassemble after drying. Only the cover of automatic dispensers may be cleaned with water; clean the rest by wiping with a dry cloth.

Item no. 4551  
Dispenser 0.7 l, plastic,  
white with transparent  
cover. Dimensions: 200  
x 115 x 120 mm.

Item no. 4552  
Dispenser 0.7 l, plas-  
tic, black with tinted  
transparent cover.  
Dimensions: 200 x 115 x  
120 mm.

Item no. 3551  
Dispenser 2.5 l, plastic,  
white with transparent  
cover. Dimensions: 340  
x 180 x 130 mm.

Item no. 3552  
Dispenser 2.5 l, plas-  
tic, black with tinted  
transparent cover.  
Dimensions: 340 x 180 x  
130 mm.

**Material:**

Item no. 4551, 4552: POM / PAGF / PC / ABS

Item no. 3551, 3552: PAG / PC / ABS

Item no. 4546  
Automatic dispens-  
er 0.7 l, white with  
transparent cover.  
EMC-approved. Battery  
operated. Batteries not  
included. Dimensions:  
228 x 117 x 130 mm.

Item no. 4567  
Dispenser 0.7 l, plastic,  
white with transpar-  
ent cover. Metal lever  
dispenser. Dimensions:  
200 x 110 x 200 mm.

Item no. 4547  
Dispenser 0.7 l, plastic,  
white with transparent  
cover. Plastic lever  
dispenser. Dimensions:  
200 x 110 x 200 mm.

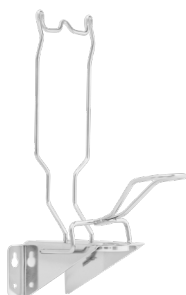

Item no. 4569  
Dispenser 0.7 l, robust  
and lockable, stainless  
steel. Dimensions: 260 x  
102 x 140 mm.

**Material:**

Item no. 4547: POM / PC / PAGF / ABS

Item no. 4567: POM / PC / ABS

Item no. 4546: POM/ PC / PA / ABS

Item no. 4570  
Dispenser 0.7 l, metal  
wire mount. Metal lever  
dispenser. Dimensions:  
200 x 90 x 125 mm.

Item no. 4573  
Hospital bed mount,  
metal. Fits all 0.7 l Ster-  
isol dispensers.

Item no. 4572  
Hospital bed holder for  
wire mount dispenser,  
metal. Fits item no.  
4570

Item no. 4508  
Floor stand, metal,  
black. Fits 0.7 l dispens-  
ers. Drip protection  
included.

Item no. 4509  
Floor stand, metal, sil-  
ver. Fits 0.7 l dispensers.

Item no. 4531  
Dispenser 5 l, plastic,  
white with transparent  
cover. Dimensions: 250  
x 210 x 185 mm.

Item no. 4535  
Dispenser 5 l plastic,  
black with tinted trans-  
parent cover. Dimen-  
sions: 250 x 210 x 185 mm.
