## ADVANCED SAFETY TECHNOLOGY

### MAZDA RADAR CRUISE CONTROL (MRCC)

MRCC is an adaptive cruise control system. To activate, the driver sets a maximum speed (just as with cruise control) and size of the gap to maintain. The radar watches for traffic ahead and once the system senses a vehicle in front, the car will slow down and speed up automatically maintaining the drivers preset distance.

### STOP & GO

Automatic models also have the additional feature of 'Stop & Go', meaning the vehicle will automatically accelerate and brake in start / stop traffic with minimal input from the driver.

*Mazda Radar Cruise Control standard across the range.*

### WINDSCREEN PROJECTED COLOUR ACTIVE DRIVING DISPLAY

The colour Active Driving Display projects essential driver information including speed, turn-by-turn navigation and traffic signs onto the windscreen, closer to the drivers field of vision meaning you can safely focus on the road ahead.

*Colour Active Driving Display standard across the range.*

### CRUISING AND TRAFFIC SUPPORT (CTS)

Reduces driver fatigue and supports a safer, more reassuring and more comfortable driving experience by reducing stress generally caused by traffic jams. CTS automatically operates the accelerator and brake pedals to maintain a proper trailing distance between all-new Mazda CX-30 and the vehicle ahead. In addition, it assists with steering operations to keep the car in its proper lane. Because the steering control is strictly limited to assisting the driver, it is the driver who steers the car. CTS will not turn the car on its own were the driver to remove his or her hands from the steering wheel.

*Cruising and Traffic Support standard on GT Sport Tech grade.*

### FRONT CROSS TRAFFIC ALERT (FCTA)

Mazda's newly developed system detects other vehicles approaching from blind spots at the front right or left of the vehicle and alerts the driver of their presence. This helps prevent a common cause of accidents, when cars enter a T-junction with a partially obscured view.

### REAR CROSS TRAFFIC ALERT (RCTA)

Rear Cross Traffic Alert system monitors traffic approaching from blind spots when reversing. Both systems operate when the car is moving at speeds of approximately 6mph or less and is only designed to detect motor vehicles.

*Rear Cross Traffic Alert standard across the range. Front Cross Traffic Alert standard on GT Sport Tech grade.*

## MAZDA M HYBRID AND SKYACTIV-X

### MAZDA M HYBRID

Constantly striving to further improve fuel economy and lower emissions, Mazda has introduced an intelligent Mild Hybrid system called Mazda M Hybrid which uses kinetic energy from regenerative braking to help acceleration from launch and power electronics. The Mazda CX-30 features this new technology which comes as standard on both 2.0 Skyactiv-G and 2.0 Skyactiv-X petrol engines. The result is a car that delivers outstanding performance, low running costs and strong environmental credentials.

### SKYACTIV-X

Skyactiv-X is an engine that changes everything. This engine burns petrol more efficiently thanks to Spark Controlled Compression Ignition (SPCCI). It produces more power but emits fewer emissions and uses less fuel than a regular petrol engine for an even better drive without compromise.

## MAZDA SERVICE PLANS

MODEL	ENGINE	PRICE
All-new Mazda CX-30	Skyactiv-G (Petrol)	£649.00
All-new Mazda CX-30	Skyactiv-X (Petrol)	£799.00

Take the hassle out of servicing your car by opting for a Mazda Service Plan from your Mazda dealer. For a one off payment or manageable monthly sum, your annual Mazda servicing can be covered for up to 3 years.

Contact your Mazda dealer for more information on the options available. At participating dealers only.

The maximum service interval for your Mazda is 12,500 miles or 12 months whichever occurs first, however, the servicing intervals may reduce based on the style of driving and the conditions under which your vehicle is operated.

Mazda Service Plans cover parts, labour & fluids at the prevailing VAT rate for the first three scheduled services. You have the choice of paying for your Mazda Service Plan with a one-off payment, or by monthly Direct Debit payments over the duration of the Plan. Please contact your Mazda Authorised Dealer for more information. The servicing for Mazda Service Plans can only be carried out at a Mazda Authorised Dealer. At participating Dealers only and plan must be activated prior to the vehicle's first service.
