

100TH ANNIVERSARY EDITION

100 YEARS OF THE EXTRAORDINARY

From its origins as a Hiroshima cork manufacturer, today Mazda has become one of the world's most innovative carmakers. The ingredients for our outstanding success story are creativity, hard work and courage: the courage to question common practices and forge new paths in engineering and design that others considered unfeasible. Along the way, we have made history by leaving a unique imprint on the automotive world, starting with the first ever commercial launch of the rotary engine in the iconic Cosmo Sport 110S. We then created the world's best-selling two seat roadster, the iconic Mazda MX-5, which has sold over one million cars since its launch in 1989 and introduced the first compression ignition petrol engine – Skyactiv-X. In 1991, we were the first Asian brand to win Le Mans and in 2020 we proudly introduced our first fully-electrified vehicle, which is ready to impress the world once more with its unique driving feel.

The 1960 Mazda R360

100TH ANNIVERSARY EDITIONS

Launched in 1960, the Mazda R360 Coupe was our first passenger car, which became an icon for Mazda. So, to celebrate our centenary, we have designed and built a limited edition of each of our current Mazda range, based on the style of the original R360. Common features include a white exterior body colour, Burgundy Red seat trim embossed with our 100th anniversary logo, interior red carpets, a key fob with the 100th anniversary logo, a special exterior badge and 100th anniversary wheel caps. The result is a look which combines our latest Kodo design with the classic, retro looks of this iconic car.

MAZDA2 100TH ANNIVERSARY EDITION

The Mazda2 is both agile and stylish. Its Kodo: Soul of Motion design language has created a car with a playful, yet elegant spirit. The Mazda2 goes beyond an energetic exterior design, offering great fuel economy and enhanced safety features. A car that's small in size, but big on fun.

MAZDA2 100TH ANNIVERSARY EDITION SPECIFICATION

ENGINE

1.5 Skyactiv-G MHEV Petrol 90ps	
6-speed manual transmission	
Maximum power output [ps (KW) / rpm]:	90 (66) / 6,000
Maximum torque (Nm / rpm):	148 / 4,000
WLTP CO ₂ emissions (g/km):	120
EC emission level:	Euro Stage6d
Recommended fuel:	Unleaded 95 RON

WLTP fuel consumption mpg / (l/100km)

Low:	44.1 (6.4)
Medium:	57.7 (4.9)
High:	62.8 (4.5)
Extra High:	47.9 (5.9)
Combined:	53.3 (5.3)

Acceleration (0-62 mph in sec):	9.7
Top speed (mph):	114

FUEL SAVING TECHNOLOGY

The official fuel consumption figures in mpg (l/100km) for the Mazda2 range: Combined 47.9 (5.9) – 53.3 (5.3). CO₂ emissions (g/km) 133 - 120.

Figures shown are for comparability purposes; only compare fuel consumption and CO₂ figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. All figures quoted are derived from the latest WLTP test cycle.

MAZDA3 100TH ANNIVERSARY EDITION

A powerful statement in design, this bold hatchback creates a sense of vitality, elevating motion into an art form. Through the designer's purely emotional approach, a relationship of complete oneness is felt with the Mazda3, giving way to a driving experience that's effortless and engaging. Confident, invigorated and energised, is the result of designing and engineering to a feeling.

YOUR OWN MAZDA R360
LIMITED EDITION MODEL

Today, when you buy any of the 100th Anniversary Edition range, you will also get your own Limited Edition Mazda R360 Coupe scale model – a little piece of history. The R360 was the first micro-mini passenger car to be equipped with a four-stroke engine, realising better durability and fuel economy than its two-stroke counterpart. The stylish and functional coupe form, enclosing the 2+2 cabin, also led the field in Japan's car design. A car so advanced it completely broke with convention, the R360 Coupe shaped the future of Mazda's passenger cars, leading us to where we are today and where we will go tomorrow.
