

ABBY FIFER MANDELL

UNIVERSITY LEADERSHIP

University of Virginia, Charlottesville, VA

Director, Galant Center for Innovation and Entrepreneurship

2025-present

University of Southern California, Los Angeles, CA

Producer, Aging is Now | Aging is the Future Symposium at the University of Southern California

2023

- Co-founded first annual gathering of practitioners, researchers, entrepreneurs, and industry leaders to discuss, knowledge-share, and network regarding business opportunities in products, services and systems for the emerging market of older adults
- Convening featured a first look at a report on market opportunities gleaned from 5000+ user conversations with older adults (in progress)

Executive Director, Brittingham Social Enterprise Lab at the Marshall School of Business

2012 – 2022

- Managed all operations for The Brittingham Social Enterprise Lab (BSEL), a Center of Excellence at the Marshall School of Business and USC's hub for social impact entrepreneurship
- Partnered with the School's Advancement Team to source development opportunities, secure a naming gift, and raise a \$9M endowment
- Designed, implemented and supervised nearly 130 academic offerings, co-curricular programs, events, initiatives, and community partnerships on entrepreneurship each year that reached 1,500 undergraduate and graduate students annually
- Directed the Social Venture Coaching Competition, the largest annual start-up accelerator and prize (\$125K) at USC; coached on user-centered design, customer segmentation, value proposition, revenue models and pitching
- Developed annual plenary session on social business for 500 first-year and transfer undergraduate business students in the Learning about International Commerce (LINC) program at the Marshall School of Business
- Liaised with Provost and senior university officials to plan and execute fundraising, curricular initiatives, and student programming in social entrepreneurship
- Coached and mentored 100+ graduate, undergraduate and alumni entrepreneurs annually
- Managed oversight and reporting of seven departmental budgetary accounts and \$450,000 annual budget
- Founded 24-member advisory board to enhance fundraising efforts for the school
- Exceeded fundraising goals each year, securing gifts of up to \$1M each from individual and foundation donor
- Supervised seven direct reports; hired and onboarded new employees
- Represented the Lab to the greater Los Angeles, national, and international social enterprise and media community
- Cultivated cross-disciplinary partnerships with the Price School of Public Policy, Gould School of Law, School of Architecture, Viterbi School of Engineering, Dornsife College and other departments and initiatives at USC to increase student engagement in social entrepreneurship by 15-20% annually
- Launched new M.S. in Social Entrepreneurship degree, the first of its kind at a U.S. business school; spearheaded changes to the recruitment and application review processes to mitigate implicit bias and significantly increase representation of first-generation scholars and students identifying as members of underrepresented minorities
- Hired, trained and supervised federal work study students and interns to fulfill crucial center roles
- Directed the Social Venture Coaching Competition, the largest annual start-up accelerator and prize (\$125K) at USC; coached on user-centered design, customer segmentation, value proposition, revenue models and pitching
- Founded the Jacobson Family Sustainable Impact Lecture Series; produced and moderated 80+ speaker events and panels for students and community
- Delivered new digital course content to students in Spring and Fall 2020 and Spring 2021
- Facilitated offerings for USC Summer Program for high schoolers in 2018, 2019 and 2023

- Spearheaded Clinton-Orfalea-Brittingham Fellowship Program to fund a total of 30 graduating students at the Clinton Foundation in NY; cultivated Brittingham Family Foundation to secure naming gift for the Lab

Assistant Director, Marshall Society and Business Lab

2010 – 2012

- Designed and launched interdisciplinary undergraduate minor in social entrepreneurship
- Secured grant funding for student programs totaling \$748,000

Director of Education, Marshall Society and Business Lab

2008 - 2010

- Designed and launched a portfolio of student programs and experiences for business students interested in social entrepreneurship, including the MBA Society and Business Fellows, Undergraduate Scholars Program, monthly lecture series, the MBA Summer Internship Subsidy, Global Business Brigades, and undergraduate internship program
- Served as point of contact for multiple social impact student organizations and consulting teams, independent study requests, and student organization grants

American Jewish University, Los Angeles, CA

Director of Admissions, Fingerhut School of Education

2006 - 2008

- Designed and executed orientation for incoming students
- Directed academic advising for enrolled students
- Increased enrollment in M.A.Ed. programs by 100% and increased database of prospective students by 400%
- Standardized 8 points of contact for prospective students, including campus visits and written correspondence
- Produced recruitment literature and video and initiated direct mail activities
- Provided regular and complete comparative reports on the status of recruitment and admissions efforts
- Created university-wide student learning outcomes and benchmarks for WASC accreditation
- Developed and monitored a consistent and transparent application process, including the preliminary screening of applicants; follow-up with promising candidates; assigning interviews and notifying applicants of decisions

Associate Director of Admissions, Fingerhut School of Education

2005 - 2006

- Responsible for all functions related to student recruitment and admissions to multiple programs and joint degrees
- Increased enrollment for pilot program in Experiential Education by 100%

Duke University, Durham, NC

Graduate Assistant, Office of the Vice President for Student Affairs

Summer 2005

- Researched and reported on graduate student persistence rates and trends in undergraduate disciplinary offenses

Brailsford & Dunlavey, Washington, D.C.

Analyst

2002 - 2006

- Performed user research and recommended initiatives to increase student satisfaction and persistence, achieve university goals and increase revenue for client universities
- Designed student life programs for Duke University, Dartmouth College, The University of Vermont and University of Alaska Fairbanks
- Designed facilities for University of California Riverside, University of Missouri St. Louis, Shepherd College, Southern Illinois University Carbondale, Trinity Valley School, and Sun Valley, Idaho
- Researched and reported on trends in higher education and local economies to universities and municipalities
- Authored new model for assessing and improving student life campus programming

ACADEMIC APPOINTMENTS

University of Virginia, Charlottesville, VA

Senior Lecturer, McIntire School of Commerce

2025-present

- Created individual and group opportunities for student and community engagement, including lectures, discussions and panels
- Engaged with students at Darden School of Business, School of Medicine, School of Nursing and Echols Scholars in group and individual settings to offer mentorship and subject matter expertise
- Contributed research and scholarship in support of user-centered design, entrepreneurship and innovation for older adults

University of Southern California, Los Angeles, CA

Senior Lecturer, Lloyd Greif Center for Entrepreneurial Studies at the Marshall School of Business

Social Innovation Design Lab

2012 - 2025

Upper division award-winning course consistently receives highest student evaluation scores in the department. Students apply user-centered design to co-create products and services with underinvested communities; course topics include field methods, problem and opportunity identification, ideation, prototyping, revenue models, distribution channels and go-to market strategy. Foci include farmworkers in California's Central Valley; adults diagnosed with Type 2 diabetes; older adults. Part of the business minor in Social Entrepreneurship

Social Innovation Design

2016 – 2023

Human-centered design applied to social impact; topics include user research methods, problem and opportunity identification, ideation, prototyping, revenue models, distribution channels and go-to market strategy. Required course in the Master of Science in Social Entrepreneurship program.

The Entrepreneurial Advisor: Problem Solving for Early-Stage Companies

2022 - 2025

Experiential course designed to develop skills in framing and solving complex problems in young companies. Required course for Master of Science in Entrepreneurship and Innovation degree participants.

Problem Solving and Decision Making: An Integrative Approach

Spring 2022, Spring 2025

Students learn qualitative and quantitative research techniques and presentation skills to analyze and respond to a challenge that a real client is facing. Required course for first year MBA students.

University of Southern California, Los Angeles, CA

Lecturer, Dornsife College of Letters, Arts and Sciences

MDA 300x: User-Centered Design

Spring 2021

Students learn field methods for gathering and contextualizing user data in order to develop innovative responses to challenges that face users/consumers/constituents in Los Angeles and around the world.

CORE 499: Interdisciplinary Solutions for Homelessness

Spring 2019

Students explore root causes of homelessness in the United States through site visits and work collaboratively to explore novel business responses.

American Jewish University, Los Angeles, CA

Lecturer in Education, Fingerhut School of Education

EDU 434: Teaching Internship I

2006-2007

EDU 435: Teaching Internship II

2007-2008

Instructed graduate students in human development, classroom management, reflective practice and goal-setting

Field Supervisor, Fingerhut School of Education

2006 - 2010

Mentored graduate education students in field placements; guided mentees in problem-solving, trouble-shooting, and best practices
