

YOU'RE

INVITED!

PLC WIRING & TROUBLESHOOTING
TRAINING

8am - 4:30pm

Includes Catered Lunch

ALL TRAINING MATERIALS PROVIDED

November 10-13, 2026

Ann Arbor, MI

4300 Varsity Drive
Ann Arbor, MI 48108

With this instructor-led training, you can have confidence in troubleshooting the PLC's ladder logic using Logix5000 software. Participants will walk through locating and replacing a faulty input or output device and wiring the input and output (I/O) field devices to the PLC. Get hands-on experience wiring your own PLC trainer, including use of photo-electric and inductive proximity sensors, selector switches, pushbuttons, contactors, indicator lamps and the DC Power Supply.
