Unlock Expanded Capabilities

8:30am - 12:00pm

Light breakfast and lunch will be provided

March 24, 2026
Columbus, OH

2255 Citygate Dr
Columbus, OH 43219

March 25, 2026
Toledo, OH

355 Tomahawk Drive
Maumee, OH 43537

Join McNaughton-McKay and Rockwell Automation® specialists for a seminar exploring the enhanced features and simplified integration of Rockwell Automation's recently released Micro Controller line with extended EtherNet and DN3P connectivity. This in-person event will include a portfolio overview with live demonstrations. Learn to program the new Micro800, convert aging MicroLogix and seamlessly integrate a drive and HMI. Attendees have the opportunity to win a new Micro800 controller! Reserve your seat today.
