

YOU'RE

INVITED!

FACTORYTALK® OPTIX™ **BOOTCAMP**

10am - 2pm

Lunch Provided | Laptop Required

**Do you want to get a jump start on working with
Rockwell Automation's latest visualization platform?**

Join us for this **HANDS-ON** experience that will familiarize you with the basic features and concepts of FactoryTalk® Optix™ and help you start developing your next-generation visualization solutions.

Attendees will get instructor-led experience with the following:

Creating a Project
Navigation and Layouts

Reusable Objects
Trends

Alarming
Datalogging

See first-hand what makes FactoryTalk Optix more than a visualization solution.
