Usage Tips

If you begin to hear static, you're too far away from your phone or device and out of Melodise's range via Bluetooth.

When Melodise is paired to your phone or device successfully, it'll blink blue to let you know. If no sound is heard, you're not paired correctly.

FAQ

- 1: Will it automatically pair with my phone after the initial pair?

Yes. As long as Bluetooth is enabled on your device, Melodise will automatically pair after the first time.

2: Can it pair with my laptop?

Yes, make sure your laptop has a Bluetooth function turned on.

3: Can I charge Melodise while playing when the battery is fully dead?

Yes. Charge Melodise for at least five minutes before playing for better listening experiences and to prolong your battery life.

4: Can Melodise power off automatically?

Yes, it will turn off if no device pairing in five minutes.

5: Can two phones pair with one Melodise at the same time?

Yes, one Melodise can pair with two phones; you can switch music between your two phones but only play music from one device at a time.
