BOX CONTENTS

GETTING STARTED

1

SET THE TIME.

- A. Remove the plastic spacer from the crown.
- B. Gently pull the crown out to its outermost position ②.
- C. Rotate the crown to the correct time.
- D. Press the crown to return it to its normal position ①.

NOTE: If you are storing the watch make sure to pull the crown out to its outermost position ②.

WARNING: Do not attempt to change the batteries yourself. Opening the watch case will void your warranty. Using an incorrect battery may cause the watch to overheat or catch fire.

GETTING STARTED

2

CHARGE THE WATCH.

Charge the watch for at least two hours ①, ②, ③.

NOTE: The first time you charge the watch, the display might be blank. After you set up the watch, the charging icon ⚡ is displayed while the watch charges.

NOTE: Each time you charge your watch, disconnect the charger from power and thoroughly wipe the charger and watch contact pins with a soft, lint-free cloth before connecting the watch to the charger and the charger to power. Never use soap or any chemicals to clean the contact pins for the watch or charger.

GETTING STARTED

- 3** **ACTIVATE THE WATCH.**
To turn on the watch, press and hold the top watch button until the Setup screen displays.

GETTING STARTED

- 4** **INSTALL THE PHONE APP.**
The Titan Juxt phone app connects your watch to your phone. Use the app to control the information and notifications that are displayed on your watch.

NOTE: Your phone must have either iOS 8 or higher or Android 4.4 operating system or higher.

- A. On your phone, go to watches.hp.com or search for Titan Juxt in your app store.
- B. Download and install the app on your phone.

GETTING STARTED

5 CONNECT YOUR WATCH TO YOUR PHONE.

- A. Make sure that your phone's Bluetooth® is turned on. See your phone documentation for instructions.

NOTE: If you connect the watch to the phone using only your phone's Bluetooth settings, you cannot configure the watch. You must connect the watch using the phone app.

- B. Open the Titan JUXT app on your phone, and then follow the on-screen instructions to set up your account.
- C. The phone app automatically searches for nearby watches. Press the top watch button **1** so that the Setup screen is displayed and the app can find your watch.
- D. In the phone app, select your watch. When prompted, press the top watch button **1** again and enter the PIN displayed on your watch.

GETTING STARTED

6 CONFIGURE YOUR WATCH USING THE PHONE APP.

- A. In the phone app, enable notification permissions. You must enable permissions to use the features of your watch. Notification permissions allow you to push any notifications from a third-party app, such as Facebook or Twitter, to the watch. See your phone documentation for instructions for enabling notifications.
- B. In the phone app, select **Activity Tracker**, **World Clock**, **Notifications**, or **Preferences**. **Notifications** also controls vibration notification settings. See Customizing Notifications on page 14 for more information.

You have now completed your watch setup. The rest of this guide provides more information about using your watch and customizing it using the app.

NAVIGATING THE WATCH

DISPLAYING THE WATCH STATUS

To display the watch status, press and hold button **2** for three seconds. The status dismisses automatically after five seconds.

-  Bluetooth status icon:
Appears when Bluetooth is disconnected.
-  Charging status icon:
Appears when the watch is connected to power.
-  Battery status icon: Displays remaining charge for the battery that powers the digital functions of your watch.

NAVIGATING THE WATCH

TURNING BLUETOOTH ON OR OFF

To turn Bluetooth on or off, press and release both buttons at the same time.

NAVIGATING BETWEEN WORLD CLOCK AND ACTIVITY TRACKER

To navigate between World Clock and Activity Tracker, press button **1**. To display the time in your next selected city or view yesterday's steps in Activity Tracker, press button **2**.

DISMISSING NOTIFICATIONS

To dismiss notifications or to decline a call, press button **1**. Press and hold button **1** to dismiss all notifications.

TURNING AIRPLANE MODE ON OR OFF

To turn airplane mode on or off, press and release both buttons at the same time.

RESETTING TO FACTORY SETTINGS

To reset to factory settings, press and hold button **2** while pressing button **1** three times. Press button **2** to confirm.

WATCH FUNCTIONS

INCOMING CALL

When you have an incoming call, the caller's name is displayed. If the caller is not in your contacts, their phone number is displayed instead. Press button **1** to decline the call.

TEXT MESSAGE

When you receive a text message, the sender's name and message are displayed. Press button **2** to scroll and press button **1** to dismiss the text.

ACTIVITY TRACKER

Activity Tracker keeps track of your daily steps and your progress to your daily goal. To check today's steps, press button **1**, then review yesterday's steps by pressing button **2**. A notification is displayed when you reach your daily goal. Use the app to check your progress over the week or the month.

WATCH FUNCTIONS

WORLD CLOCK

World Clock syncs automatically with your phone. In the app, you can select other time zones to be displayed and change the order in which the cities are displayed on the watch. Press button **2** to scroll through your selected cities.

CALENDAR REMINDERS

The watch syncs with the calendar on your phone to notify you of upcoming appointments. Press button **2** to scroll for more information, such as meeting time and location. Press button **1** to dismiss the notification.

DIGITAL BATTERY STATUS

When the battery that powers the digital functions of your watch has less than a 20% charge, there is a notification. There is also a notification when the digital watch battery has less than a 10% charge.

CUSTOMIZING NOTIFICATIONS

ON-SCREEN NOTIFICATIONS

To enable, disable, or change the notifications that appear on the watch screen:

1. In the app, select **Notifications**.
2. Tap the button next to the notification to toggle that notification on or off. Tap **Edit** to enable or disable notifications from specific third-party apps.

NOTE: Most third-party apps are available in the Other category.

3. To enable notifications from a third-party app, select it. To disable notifications from a third-party app, clear it.

NOTIFICATION VIBRATIONS

In addition to on-screen messages, your watch vibrates to notify you of events. Notification vibrations are either high or low priority. High-priority notifications use a longer vibration than low-priority notifications.

To enable, disable, or change the priority of notification vibrations:

1. In the app, select **Notifications**.
2. Tap the button next to the notification to toggle that notification on or off. Tap **Edit** to change the vibration priority to high or low.

CUSTOMIZING NOTIFICATIONS

NOTE: You can enable a notification vibration for any third-party app. All notification vibrations not enabled by default are set automatically to low priority.

The following table describes the vibration patterns for notifications.

NOTIFICATION	VIBRATION PATTERN	DEFAULT
Incoming call		On
Text message		On
Activity goal reached		On
Calendar reminder		On
Email		Off

KEY ● = Short pulse — = Long pulse

RECONNECTING THE WATCH WITH YOUR PHONE

If the phone and watch are disconnected, the watch displays the Bluetooth icon .

To reconnect:

1. Make sure that your phone's Bluetooth is turned on. See your phone documentation for instructions.
2. Open the Titan JUXT app on your phone.
3. Press any watch button to activate pairing mode.
4. In the phone app, follow the on-screen instructions to reconnect the watch to your phone.

WARRANTY AND SUPPORT

For warranty and support information, go to watches.hp.com. This site contains additional online documentation as well as accessories and spare parts information.

REGULATORY NOTICES

FEDERAL COMMUNICATIONS COMMISSION NOTICE

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio or television technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

If you have questions about the product that are not related to this declaration, write to: HP Inc., 1501 Page Mill Road, Palo Alto, CA 94304 or call HP at 650-857-1501.

For questions regarding this FCC declaration, write to: HP Inc., 1501 Page Mill Road, Palo Alto, CA 94304 or call HP at 650-857-1501.

To identify your product, refer to the part, series, or model number located on the product.

MODIFICATIONS

The FCC requires the user to be notified that any changes or modifications made to this device that are not expressly approved by HP may void the user's authority to operate the equipment.

CABLES

To maintain compliance with FCC Rules and Regulations, connections to this device must be made with shielded cables having metallic RF/EMI connector hoods.

CHEMICAL SUBSTANCES

HP is committed to providing our customers with information about the chemical substances in our products as needed to comply with legal requirements such as REACH (Regulation EC No1907/2006 of the European Parliament and the Council). A chemical information report for this product can be found at www.hp.com/go/reach.

SUSTANCIAS QUÍMICAS

HP se compromete con la tarea de brindar a nuestros clientes información acerca de los productos químicos incluidos en nuestros productos necesaria para cumplir con requisitos legales como REACH (Regulación EC N.º 1907/2006 del Parlamento Europeo y del Consejo). Podrá encontrar un informe con los datos químicos relacionados con este producto en www.hp.com/go/reach.

SUBSTANCES CHIMIQUES

HP s'engage à fournir à ses clients des informations concernant les substances chimiques contenues dans ses produits, conformément aux dispositions légales telles que REACH (Règlement CE n° 1907/2006 du Parlement Européen et du Conseil de l'Union Européenne). Un rapport d'informations sur les substances chimiques de ce produit est disponible à l'adresse www.hp.com/go/reach.

EUROPEAN UNION REGULATORY NOTICES

DECLARATION OF CONFORMITY

 Hereby, Titan Company Ltd. declares that this equipment: Titan JUXT is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC.

The full Declaration of Conformity can be found at the following web site: watches.hp.com. For regulatory matters the manufacturer, Titan Company Ltd., can be contacted at: +91-80-66609000.

For regulatory matters the importer, HP Inc., can be contacted at: HP, HQ-TRE, 71025 Boeblingen, Germany.

BATTERY NOTICES

The battery(ies) in this product cannot be easily replaced by users themselves. Removing or replacing the battery could affect your warranty coverage. If a battery is no longer holding a charge, contact support.

When a battery has reached the end of its useful life, do not dispose of the battery in general household waste. Follow the local laws and regulations in your area for battery disposal.

ELECTRONIC HARDWARE AND BATTERY RECYCLING

HP encourage customers to recycle used electronic hardware and rechargeable batteries. For more information about recycling programs, see the HP Web site at www.hp.com/recycle.

DISPOSAL OF WASTE EQUIPMENT BY USERS

 This symbol means do not dispose of your product with your other household waste. Instead, you should protect human health and the environment by handing over your waste equipment to a designated collection point for the recycling of waste electrical and electronic equipment. For more information, please contact your household waste disposal service or go to www.hp.com/recycle.
