FIRST THINGS FIRST

AVOURY ONE® QUICKGUIDE

This quick guide is valid only for devices with serial numbers starting with 6000801ECE/ 6000802ECE/ 6000803ECE/ 6000833ECE and firmware starting from version .62.

You can check the serial number and the current firmware version of your machine via the Avoury App after machine registration within your profile under "Machines" under "serial number" and "Firmware version". The serial number is also shown on the bottom of the tea machine.

The quick guide for the previous serial numbers and firmware versions is available for download in the online shop.

FILL WATER TANK

EMPTY CAPSULE CONTAINER

CARRY OUT CLEANING

CARRY OUT DESCALING

(!) Download the free Avoury App now, update and enjoy the best of your Avoury One!

01 Rinse the water tank and fill it with fresh tap water.

02 Press the Start-Button and wait until it shows a continuous light. Before the first use, the tea machine automatically rinses the brewing chamber with 800ml. This can take up to 3 minutes.

03 Empty the capsule container and reinsert all parts back into the Avoury One.
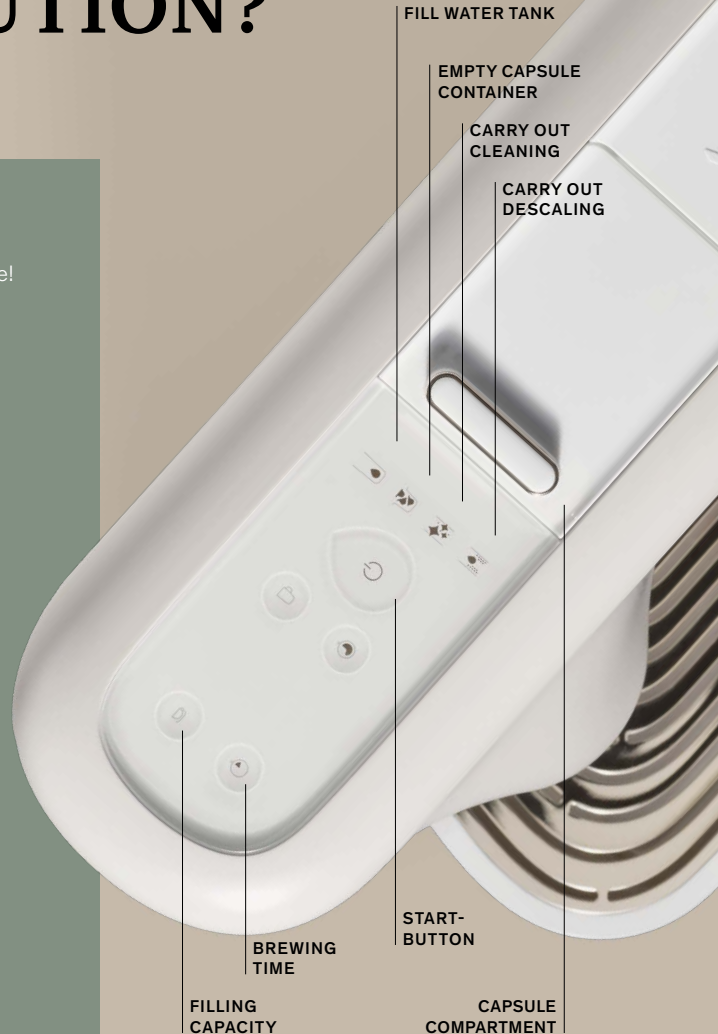

04 Place a glass or cup under the outlet.

05 Select a tea and remove the lidfoil from the capsule. Slide the capsule into the slot with the tab facing upwards. Close the capsule compartment.

06 Now press the Start-Button. Depending on the flavour, your tea will be ready in 1 to 5 minutes.

EVERYTHING UNDER CONTROL.

Control your Avoury One via App.

01 Download the Avoury App from the App store on your smartphone.

02 Switch on your Avoury One and wait until the Start-Button shows a continuous light.

03 Activate Bluetooth in the smartphone settings and open the Avoury App on your smartphone.

04 As soon as the Start-Button shows a continuous light, your Avoury One is ready for use.
