Your partner for the best talent solutions and accelerating your business goals.

CLIENT SUCCESS SNAPSHOT

Tassat provides Blockchain-based technology solutions for Digital Payments and Digital Exchange markets. Their flagship product, TassatPay, sets out to position banks as innovative Fintech leaders. However, to take this highly successful Exchange Product and scale it to become the leader in the Digital Interbank market, Tassat needed Yoh's help.

Yoh Fintech provided the critical resources Tassat needed to support their growth and scalability. They leveraged Yoh's proven track record of providing resources that understood digital network and exchange product design, engineering, integration, and deployment. Tassat knew the value Yoh's Fintech team could provide and tasked us with scaling a team of 20+ resources to help achieve their vision. Yoh worked diligently with Tassat to find and onboard their team to ensure they met their product timeline goals.
