

01 Service wine cellar

Free standing : simple zone

Provided with a leading technology, the CAVS8 wine cellar allows you to preserve and enjoy your wine at the ideal temperature. This cave can store up to 8 bottles with its capacity of 23 litres. In order to exalt all the aromas during your tasting experience, the wine requires a precise service temperature that you can adjust between 11°C and 18°C thanks to the digital display.

Its anti-vibration system and its stable temperature, allows your wine to reach maturity in the best conditions. Thermo-electric cooling is an economic system that eliminates noise and vibrations. Its tinted glass and its LED light

allow you to see your bottles while keeping them away from UV rays and direct light.

Equipped with a silent technology, this wine cellar gives you extra comfort whilst bringing a touch of elegance and refinement to your home with its sleek design.
