

The background of the top half of the page is a light gray, textured surface. In the upper right corner, there is a wooden cutting board with several white, oval-shaped capsules scattered on it. Next to the capsules on the board is a small bunch of green herbs with white flowers. Below the board, a wooden spoon is placed horizontally, also containing several white capsules. To the right of the spoon, there are more green herbs. The overall aesthetic is clean, natural, and health-oriented.

SYMPTOM ASSESSMENT

Could herbs and supplements help you?

How can Microbe Formulas supplements benefit you?

Which ones target your specific problem(s)?

Answer a few questions, and you'll get:

- Suggestions for supplements to help you live healthier.
- Ways your lifestyle and supplements work together.
- Tips to help you shop for Microbe Formulas dietary supplements.

Please note that, although these supplements can be used individually for specific purposes, they are also designed to be used as part of a five phase protocol to help your body naturally drain, detox, restore, and heal over a ten-month period.

TUDCA PLUS

TUDCA Plus supports liver, digestive, and mitochondrial health. TUDCA is a vital bile acid that promotes healthy bile flow. When combined with N-acetyl cysteine (NAC) and melatonin, its benefits are amplified to support your body's natural antioxidant systems. This trio of ingredients is powered by BioActive Carbon to maximize its potency.

YOU MIGHT NEED TUDCA PLUS IF YOU:

- Suspect you have liver disease or fatty liver [5]
- Need to increase bile flow and reduce liver stagnation [5]
- Need to enhance your digestive and microbiome health [5]
- Have systemic inflammation [5]
- Need to boost liver drainage [5]
- Want to prevent free radical damage by encouraging your body to produce more glutathione and other “in-house” antioxidants [5]
- Have leaky gut [3]
- Have gut motility issues [3]
- Have inflammation in your GI tract [3]
