

**CELLCORE**  
B I O S C I E N C E S

# FROM OUR PRACTICE TO YOURS

*Congratulations on the decision to invest in your practice.*

*Our entire team is here to help maximize your success.*

*Welcome to the CellCore Biosciences practitioner family. You've made a wise decision to partner with us, and we want to thank you for your trust.*

*As practitioners ourselves, we know that one of the key challenges you face with any partner is understanding “how” to use different products in the work you do every day.*

*Our treatment protocol and this guide are designed to help you put it all together as you work with your patients. We know that by leveraging this protocol in your practice, they will see results and you'll see benefits in other ways as well—especially in the time you get back.*

*Again, welcome to the CellCore Biosciences family. We are constantly working to create a partnership that is not only your easiest, but your most rewarding.*

*We hope to continue to exceed your expectations.*

*Dr. Jay & Dr. Todd*

# PHASE 1: PREPARE

Prepare the body for a successful true detox experience.

## OPEN DRAINAGE

Provide the body with the support it needs to optimize drainage pathway functions so toxins are easily moving out.

## INCREASE ENERGY

Work with the body to give it the materials needed to upregulate cellular energy and unlock its power to heal itself.

## REDUCE REACTIONS

Promote the body's built-in filtration systems to minimize pathogen load and optimize detox results.

**#StagnationBreedsSickness**

## DIRECTIONS

	WAKE-UP	MORNING	NOON	NIGHT	BEDTIME
<b>Kidney &amp; Liver Support</b>		1 	1 	1 	
<b>Bowel Mover</b>		1 		2 	
<b>BioToxin Binder</b>		1 	1 	1 	
<b>BioActive Carbon Minerals</b>		10 	10 	10 	

**NOTE:** The above directions are to help begin the protocol with a starting dosage. As Dr. Jay and Dr. Todd explain, some may need to begin more slowly, while others may be able to push dosage higher. In all cases, listen to the individual and their body for best results.

- For optimal results we recommend that all products be taken at least 30 minutes away from food.
- If sensitive or necessary, all products can be taken with food.
- BioActive Carbon binders are not like traditional binders and can be taken with food.
- Keep Para 1 away from BioActive Carbon binders by at least 30 minutes.

# PHASE 1: PREPARE

## KIDNEY & LIVER SUPPORT

This unique blend of natural ingredients is designed to help strengthen and restore the body's natural ability to drain, filter, and detoxify itself. Whether the issue is heavy metal build-up, metabolizing fat, bladder dysfunction, or chronic infection, Kidney & Liver Support can help flush the body's systems and promote proper kidney and liver function.

### PROTOCOL USAGE

PHASE 1

PHASE 2

PHASE 3

## BOWEL MOVER

After years of testing, we have combined the ideal ingredients in proper proportion that make Bowel Mover a one-of-a-kind, natural constipation reliever. Not a laxative, Bowel Mover is specifically designed to help encourage normal peristalsis while providing natural, non-habit-forming, gentle relief without complications or discomfort.

### PROTOCOL USAGE

PHASE 1

## BIOTOXIN BINDER

For maximum toxin chelation, choose BioToxin Binder. With its optimized binding ability, BioToxin Binder supports the fight against mold, ammonia, sulfur, Candida, and fungal toxins. It is also beneficial for supporting the removal of both bacterial and viral by-products and aids in balancing the microbiome for optimal gut health.

### PROTOCOL USAGE

PHASE 1

PHASE 2

PHASE 3

## BIOACTIVE CARBON MINERALS

With over 70 naturally occurring, plant-derived trace minerals and a dozen amino acids, BioActive Carbon Minerals supports a comprehensive detox regimen while providing additional building blocks to energize the body. BioActive Carbon Minerals contains 100% organically complexed, nano-sized molecules, which maximizes their bioavailability and effectiveness.

### PROTOCOL USAGE

PHASE 1

PHASE 4

## FAQ

### **What minerals are actually in your BioActive Carbon Minerals product?**

The following fulvic acid, plant-derived minerals are found in this supplement: Fulvic Acid plant-derived (organic) minerals: Antimony, Barium, Beryllium, Bismuth, Boron, Bromine, Cadmium, Calcium, Carbon, Cerium, Cesium, Chloride, Chromium, Cobalt, Copper, Dysprosium, Erbium, Europium, Fluorine, Gadolinium, Gallium, Germanium, Gold, Hafnium, Holmium, Indium, Iodine, Iridium, Iron, Lanthanum, Lithium, Lutetium, Magnesium, Manganese, Molybdenum, Neodymium, Nickel, Niobium, Osmium, Palladium, Phosphorus, Platinum, Potassium, Praseodymium, Rhenium, Rhodium, Rubidium, Ruthenium, Samarium, Scandium, Selenium, Silicon, Silver, Sodium, Strontium, Sulfur, Tantalum, Tellurium, Terbium, Thulium, Thorium, Tin, Titanium, Tungsten, Vanadium, Ytterbium, Yttrium, Zinc, Zirconium.

### **Can I take your products while pregnant or breastfeeding?**

While we don't recommend parasite or heavy metal detoxing during pregnancy, iodine, MitoATP, and Minerals can be utilized in conservative dosages. For nursing mothers, Para 2 may alter milk taste, and HM-ET is not encouraged while nursing.

### **Can I still take my prescription medications while taking your products?**

Yes. Separate CellCore Biosciences products and prescription drugs by at least two hours.

*"What a great product! I started the protocol 8 weeks ago. After 6 weeks I noticed a lot more die-off symptoms: inflammation, joint pain, etc. So I added BioToxin Binder into the mix and it really helped bring a lot of the symptoms down and help me keep draining, eliminating, and passing more critters."*

*- Marina M.*

*"Kidney & Liver Support cleared out my husband's fatty and congested liver in a short amount of time. Proof of this was his gentle and thorough belly weight loss over several weeks. 18-20 lbs lost without even trying. It melted off effortlessly! A wonderful surprise that definitely has reversed future health issues."*

*- Jude D.*

# PHASE 2: REMOVE

Remove pathogens, toxins,  
and other undesirable elements.

## GUT SCRUBBER

Deep clean the gut with natural ingredients to start seeing an uptick in your mood and energy as pathogens are removed and gut health restored.

## REMOVE TOXINS

Take back control of the body instead of letting it dictate what can and can't be done by getting to the root cause of toxicity and illness.

## SUPPORT A HEALTHY MICROBIOME

Boost overall microbiome health as the body's natural ability to filter and drain harmful elements is supported.

**#BetterOutThanIn**

# DIRECTIONS

	WAKE-UP	MORNING	NOON	NIGHT	BEDTIME
<b>Lymphatic Support</b>		1 		1 	
<b>Kidney &amp; Liver Support</b>		2 	2 	2 	
<b>VirRadChem Binder</b>		1 	1 	1 	
<b>Para 1</b>	2 				2 
<b>Para 2</b>	2 				2 
<b>BioToxin Binder</b>		1 	1 	1 	
<b>BioActive Carbon Minerals</b>		10 	10 	10 	

## PHASE 2: REMOVE

### PARA 1

Comprised of 100% Mimosa Pudica Seed, our cornerstone immune and digestive support product provides the type of visible results that your patients are looking for in their detox journey. Para 1 transforms into a gelatinous, sticky gut scrubber as it works its way through the intestinal tract, scrubbing and pulling out toxins, heavy metals, biofilm, and other unwanted elements. It's a deep clean for your insides!

#### PROTOCOL USAGE

PHASE 2

PHASE 3

### PARA 2

Developed over years of clinical trials, Para 2 is a multi-herb blend specifically designed for powerful immune and digestive support. Proven natural ingredients like vidanga, neem, triphala, clove, and holarrhena are combined with our BioActive Carbons to create a potent, yet tolerable, solution to pathogen problems.

#### PROTOCOL USAGE

PHASE 2

PHASE 3

## LYMPHATIC SUPPORT

Ayurvedic experience and modern biochemistry come together to ensure the lymphatic system flows freely. With anti-inflammatory and antioxidant-boosting herbs like turkey rhubarb, sheep sorrel, and graviola, your patients will benefit from feelings of increased mental clarity and overall well-being as they support this critical part of the immune system.

### PROTOCOL USAGE

PHASE 2

PHASE 3

## VIRRADCHEM BINDER

VirRadChem Binder is designed to get to the source of chronic symptoms by targeting viruses, retroviruses, radiation, and chemical toxins. The BioActive Carbon molecules are formulated at a nanoparticle level to ensure delivery of nutrients directly into the cell. The ability to go systemic makes VirRadChem a more effective supplement and the perfect complement to detox efforts.

### PROTOCOL USAGE

PHASE 2

PHASE 3

### **What Amino Acids are in the VirRadChem Binder?**

It includes Alanine, Glutamic Acid, Glycine, Histidine, Isoleucine, Leucine, Methionine, Phenylalanine, Serinine, Threonine, Tryptophan, and Valine.

### **Which of your products cannot be combined?**

Do not combine Para 1 with our binders: HM-ET Binder, VirRadChem Binder, or BioToxin Binder. They can be taken on the same day, just separate them by at least 30 minutes.

### **Are your products safe for children to use?**

Yes, when using proper dosing. As a pair of general examples, for a ten year-old/100 lb. child, work up to half the adult dosage; and for a five year-old/50 lb. child, work up to a quarter adult dosage.

### **Is it safe to take other supplements as well?**

Our supplements are designed to be taken together and with other herbs and supplements as well without complication. Note this one exception: keep Para 1 at least 30 minutes away from our binders.

*"BioToxin Binder and Para 1 have disturbed some kind of parasite paradise thriving unknowingly in my body. After the first day, they started abandoning ship. Four months later, I've lost count after 30. My teens are trying to shut me up, but I tell almost everyone! Seriously amazing!"*

*- Cindy K.*

*"I love Para 2! It is gentle and super effective. I pass things when I take it along with Para 1, and I get stronger! I feel better when I'm on it."*

*- Barbara W.*

# PHASE 3: BUILD

Build momentum for a deeper detox.

## **BUILD ON SUCCESS**

Ramp up and build on the success that you're helping create with your patients.

## **TRANSITION FROM GUT TO BODY**

Build toward a systemic detox utilizing BioActive Carbons to see results beyond the gut. This is the game-changer your patients have been looking for.

## **PREPARE FOR DEEPER DETOX**

Create a fortified foundation in the body as preparations are made to go deeper to remove heavy metals.

**#OneProtocolAway**

	WAKE-UP	MORNING	NOON	NIGHT	BEDTIME
Lymphatic Support		2 		2 	
Kidney & Liver Support		2 	2 	2 	
VirRadChem Binder		2 	2 	2 	
Para 1	2 				2 
Para 2	2 				2 
BioToxin Binder		1 	1 	1 	
BioActive Carbon Minerals		10 	10 	10 	
BioActive Carbon Iodine		1 	1 		

## PHASE 3: BUILD

### BIOACTIVE CARBON IODINE

Provide the body with the proper amounts of iodine and iodide needed for optimal thyroid health and natural hormone production. As BioActive Carbon molecules remove harmful halogens, they push iodine and iodide into newly available receptors, promoting optimal thyroid balance.

#### PROTOCOL USAGE

PHASE 3

PHASE 4

## FAQ

**What should I do if a patient experiences adverse reactions to any of the products?**

Reduce dosage of the product until the adverse reactions stop. Slowly work back up to the recommended dose once an individual has been on the lower dosage for at least two weeks.

*"I have been struggling with chronic fatigue for years. Since I have added the BioActive Carbon Iodine into my detox regimen I am noticing that I don't "crash" during the day and am able to maintain consistent energy levels! I am LOVING this product!"*

*- Michelle L.*

*"AWESOME!!!*

*I love this product! I have been struggling with chronic fatigue for over 2 1/2 years now and nothing I tried helped until I started taking the iodine. I immediately started seeing results. Thank you from the bottom of my heart! I feel like I'm starting to get my life back!"*

*- Cindy S.*

# PHASE 4: RESTORE

Eliminate heavy metals.  
Restore a natural state of health.

## DEEPER DETOX

Peel back the layers that have held wellness in check. It's time to turn the tables on toxicity and go deeper.

## REMOVE HEAVY METALS

Strip away these harmful elements and experience improved brain function and memory.

## RESTORE HEALTH AND WELLNESS

Help your patients remember what it feels like to be whole again and move forward with restored health and wellness. We weren't made to be miserable.

**#TrueDetox**

## DIRECTIONS

	WAKE-UP	MORNING	NOON	NIGHT	BEDTIME
HM-ET Binder		1 		1 	
BioActive Carbon Minerals		10 	10 	10 	
BioActive Carbon Iodine		1 	1 		

**NOTE:** The above directions are to help begin the protocol with a starting dosage. As Dr. Jay and Dr. Todd explain, some may need to begin more slowly, while others may be able to push dosage higher. In all cases, listen to the individual and their body for best results.

- For optimal results we recommend that all products be taken at least 30 minutes away from food.
- If sensitive or necessary, all products can be taken with food.
- BioActive Carbon Binders are not like traditional binders and can be taken with food.
- Keep Para 1 away from BioActive Carbon binders by at least 30 minutes.

## PHASE 4: RESTORE

### HM-ET BINDER

The build-up of heavy metals and environmental toxins can drastically reduce health and natural body functions. HM-ET Binder uses long-, medium-, and short-chain carbon molecules from organically sourced, plant-derived fulvic and humic acid extracts to bind and remove heavy metals and toxins systemically. With this extra support, the body can begin to heal and restore itself to its optimal state.

#### PROTOCOL USAGE

##### PHASE 4

*"Takes time, but is worth it. I've been using HM-ET Binder for about 5 months and my symptoms are better. I'm sure a lifetime of exposure to heavy metals is going to take time to get out, but I'm so glad for this and all the CellCore Biosciences products."*

*- Jason S.*

# BINDERS: THEIRS VS OURS

Our BioActive Carbon binders, including *HM-ET Binder*, *BioToxin Binder*, and *VirRadChem Binder*, work differently in the body and their effectiveness renders traditional binders obsolete. See the differences here:

## TRADITIONAL BINDERS

-  **Spent Carbons**  
*Diatomaceous earth, clays, or charcoals are spent carbons that can't create or give the energy needed to heal.*
-  **Stop at the Gut**  
*Their limited, large-chain carbon structure prevents them from working beyond the gut, allowing toxins to accumulate elsewhere.*
-  **Removes the Bad and the Good**  
*They indiscriminately bind to both toxins and nutrients, robbing cells of the nutrients needed to repair.*

## BIOACTIVE CARBON BINDERS

-  **Active Carbons**  
*BioActive Carbons have the ability to bind and remove toxins while creating and sustaining cellular energy.*
-  **Systemic**  
*They are high-energy, nano-sized molecules with a multi-chain carbon structure, which allows them to work throughout the body, including the brain.*
-  **Remove the Bad, Restore the Good**  
*They simultaneously bind and remove toxins while providing cells with the nutrients needed to repair.*

## SUPPORTING PRODUCTS

### BIOMOLECULAR OXYGEN

As the “multi-tool” of supplements, BioMolecular Oxygen can be used topically, orally, in a nebulizer, sinus rinse, or even in a coffee enema solution. As a vital component to cellular respiration and healing, it can help overcome biotoxins and provide support to core bodily functions by improving tissue oxygen levels.

*“Absolutely love the BioMolecular Oxygen!! It is definitely an essential supplement for detoxifying from toxic mold. When I added this product with BioToxin Binder, I felt like it took me to the next level of detoxification.”*

*- Tabitha M.*

## MITOATP

Designed specifically to upregulate ATP production in the cell, which increases cellular energy, MitoATP supports systemic energy providing the strength to get improved results from your detox efforts.

### PROTOCOL USAGE

## TUDCA PLUS

Tauroursodeoxycholic acid, or TUDCA for short, is a natural component of your bile that boasts a long list of potential health benefits all by itself. Combined with melatonin (which in this application simply drives the TUDCA where it needs to go) and NAC, TUDCA Plus helps optimize liver bile flow, protects liver cells and combats mitochondrial stress.

### PROTOCOL USAGE

## PARA 3

Specially formulated to produce additional parasite-cleansing results, Para 3 goes deeper and absorbs faster into the body. This new formulation of different natural ingredients is also designed to go systemic.

### PROTOCOL USAGE

# KITS & CLEANSES

## GUT CLEANSE

These supplements are designed to work in concert to provide gut-scrubbing, anti-parasitic function while supporting the drainage essential to gut health success.

## COFFEE ENEMA SOLUTION BOOST

Taking BioToxin Binder and VirRadChem Binder before and after administering a coffee enema, while adding BioMolecular Oxygen and BioActive Carbon Minerals to the solution help maximize the benefits of these efforts.

## POOP PACK

Normal bowel function is a critical foundation to effective long-term detox. The Poop Pack makes it happen.

## FULL MOON KIT

With a drop in melatonin weakening the immune system and a spike in serotonin enabling parasite mobility, it's the perfect time to provide your body with extra support to maximize detox results.

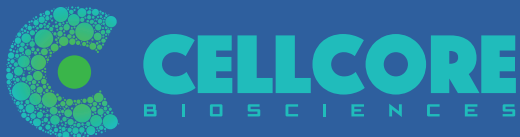

## ENERGY BOOST

Put the tools in your hands to help provide the energy needed to get the results your patients want.

## TRAVEL KIT

Travel wreaks havoc on the body, specifically airline travel and the difficulty of finding healthy, familiar foods while traveling. This kit provides the tools needed to be a true "road warrior."
