

GCO

PROMOTES HEALTHY GLUCOSE LEVELS

KEY BENEFITS

- Supports blood sugar balance
- Can improve cognitive mental capacity
- Aids in digestion
- Promotes healthy cellular function
- Helps to protect against heart disease
- Supports increased muscle mass

PRODUCT DESCRIPTION

GCO may behave similarly to Insulin-like growth factor (IGF-1), a key hormone essential to optimal wellness that naturally decreases with aging and chronic stress. IGF-1 reduces inflammation, supports immunity, and aids in digestion, energy production, muscle growth, and blood sugar metabolism.

This product contains a proprietary blend of herbs, plus fulvic acid extracts that protect the herbs from damage and drive the nutrients to cells quickly.

LABEL INFORMATION

Directions: Take 1 capsule 30 minutes before a meal twice daily or as otherwise directed by a healthcare practitioner.

Warning: Please consult your healthcare practitioner before use if you are pregnant, breastfeeding, or considering use for a child.

KEEP OUT OF REACH OF CHILDREN.

WARNING: Consuming this product can expose you to chemicals including lead, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov/food.

§ This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

During years of product development, these ingredients were precisely formulated in the needed proportions. Altering these ratios would render Gluco Optimizer less effective.

Upon introducing GCO, allow about 3-4 weeks for the body to adjust to the product and experience optimal benefits.
