Dosage chart included

Carboxy

Carboxy is CellCore's most potent, advanced binder. It promotes the body's natural detoxification processes and supports a balanced gut microbiome.* Carboxy contains short- and long-chain carbons, which can travel to different parts of the body, beyond the gut.

CT-Biotic

A blend of spore-forming and non-spore-forming bacteria combined with Carbon Technology. It provides 11 bacterial strains that are essential for supporting detoxification, digestive function, and immunity.*
