FIVE STAR REVIEWS

“Memorable”

Great trip. Fun guide. Took our 3 small children 6 & 9. It was their favorite part of our vacation. Something adults and children enjoyed equally.

“Great Trip”

My wife and I went out to the Grand Teton/ Yellowstone area June 2015 and our trip with Mad River was one of our favorite/best experiences of our 10 days in the area. It was our first time white water rafting and we couldn't have had more fun. Our guide was entertaining and very knowledgeable. We did a trip with the stop for lunch in the middle. The food was amazing; the best meal of our trip. I would definitely do it again if I return to the area!

Grab a Paddle . . .

and share the exhilaration as the canyon unfolds around every bend. Take a non-paddling seat in the middle of the raft - or "ride the bull" up front. After paddling a few miles of river, you'll feel like an old pro. It may not take all day, but you'll wish it did!

Jackson Hole, WY

West Table Creek

Here the current is swift. Osprey are commonly seen nesting along this stretch.

The S Turns

Sharp ninety degree turns keep everyone swinging a paddle.

Double Draw

Hang on! Its a roller coaster ride!

Three Oar Deal

We avoid this powerful hydraulic. Some years ago, an outfitter broke 3 oars trying to unsuccessfully negotiate this rapid.

Wolf Creek

A rare but rewarding sight is a bald eagle fishing along this tranquil stretch.

Big Kahuna

When the river levels drop this rapid seems to appear from nowhere.

Mad River's Exclusive Riverside Camp

Lunch Counter

The river narrows and compresses itself into a series of dramatic and exciting waves forming our most famous rapid.

Champagne

Watch the millions of bubbles rising to the jade-green surface.

Ropes

The current coils upon itself under the shadow of spectacular limestone cliffs.

Cottonwood

Hidden ledges and protruding rocks put your skills to a test on the longer and most technical rapid.

Sheep Gulch

This is the take-out. Come back and raft with us again!
