

THE CLASSIC 8-MILE SNAKE RIVER WHITE WATER

16 PASSENGERS

TRIP DETAILS:

Guests cannot go wrong with Mad River's classic boats; this trip is wildly mild all at the same time. There are non-paddling and paddling positions in this raft. Most people choose this option because they are a little apprehensive if they can handle the bigger action smalls and super small boats deliver. This trip features our standard size raft. This raft is an AIRE inflatable, self-bailing, 18'3" raft. It seats 16 people but we average 10 to 12 guests per boat. There are non-paddling and paddling positions in this raft.

Mad River's experienced guides will share the history of the area as well as information about the incredible local flora and fauna. The Snake River Canyon is rich in geological history and your guide will point out some of the features that make this canyon unique. You may see river otters, osprey and bald eagles on your trip. A lucky few might even catch a glimpse of a mountain goat, a mule deer, an elk or even a grizzly or black bear.

BEST SUITED FOR:

Classic boats are best suited for families with kiddos 6 to 9 years old, solo travelers, active seniors, first-timers, multi-generational travelers or large groups.
