MINIMUM 128 NEEDED FOR GRAD		128

¹Students may choose COMM 103 Public Speaking (2 hr) if they have checked with their adviser to see if this fits with their post-bacc plans

²Students may choose GNSC 101 Science in Your World (2hr) in place of a 2nd lab science course

³It is vital that freshman math majors take Calculus. If they do not take Calculus, they will not graduate on time without summer courses *Depending upon a student's post-bacc plans, other courses may be required for admission to graduate programs, so CONSULT with your adviser*

⁴MATH 308, 411, and 494 are required for the math major, but only offered once every two years. Math majors who start in fall of odd years should take MATH 411 in fall junior year, MATH 308 in spring of junior year, and MATH 494 in fall of senior year. Math majors who start in fall of even years should take MATH 494 in fall junior year, MATH 411 in fall of senior year, and MATH 308 in spring of senior year.
