	Theatre/English As A Second Language	K-12/P-12	BA	

Milligan University students may pursue initial professional teaching licensure in elementary education (grades K-5); secondary education (grades 6-12); K-12 specialization programs in music, theatre, visual art, and Spanish. Licensure in other areas is available at either the undergraduate or the graduate level. In addition to the general education and licensure courses listed below, all undergraduate students pursuing teaching licensure must complete a Milligan major in a field other than education.

These courses and related experiences were developed by the Milligan University faculty in response to lists of required knowledge, skill, and disposition outcomes developed by the Tennessee Department of Education, CAEP, and the Interstate Teacher Assessment and Support Consortium (InTASC). Verification of current CPR and/or first aid competency is required for student teaching as well as a TBI background check.
