<sup>2</sup>Students may choose GNSC 101 Science in Your World (2hr) in place of a 2nd lab science course

<sup>3</sup>It is vital that freshman math majors take Calculus. If they do not take Calculus, they will not graduate on time without summer courses  
*Depending upon a student's post-bacc plans, other courses may be required for admission to graduate programs, so CONSULT with your adviser*

<sup>4</sup>MATH 308, 411, and 494 are required for the math major, but only offered once every two years. Math majors who start in fall of odd years should take MATH 411 in fall junior year, MATH 308 in spring of junior year, and MATH 494 in fall of senior year. Math majors who start in fall of even years should take MATH 494 in fall junior year, MATH 411 in fall of senior year, and MATH 308 in spring of senior year.
