MODERE AXIS™ PHYTOGOLDS

Health & Wellness | Targeted Health

Product Overview

Modere Axis™ PhytoGolds helps optimise antioxidant intake, anti-inflammatory diets and support a balanced microbiome. More than a superfood, it delivers 7 highly bioavailable and bioactive ingredients including fermented turmeric and fermented ginger with black pepper. Ginger and turmeric are even more impactful when they're fermented, a biological process which may enhance the bioavailability of active phytonutrients in these roots.

The natural flavour profile of PhytoGolds is unique in that its blend of spices including vanilla bean and cardamom seed combine well with dairy or plant milk to create a tasty golden supplement with calming benefits at the end of a long day.

Product Benefits

- Optimises antioxidant intake
- Supports anti-inflammatory diets
- Supports a balanced microbiome
- Supports a healthy diet

Product Details

Eating a more colourful diet is always good advice. And by supplementing your diet with plant-based Modere Axis™ Phytos, you can optimise your diet and support your overall wellness. Every ingredient in PhytoGreens and PhytoGolds is concentrated and formulated to be highly bioavailable and bioactive. This means that all 34 ingredients found in Modere Axis™ Phytos can be absorbed and actively used by the body to support antioxidant intake, anti-inflammatory diets and a balanced microbiome.

Modere Axis™ Phytos mix easily with water, juice, smoothies or other beverages. All three formulas are non-GMO, dairy-free, vegetarian and keto-friendly—each formula is 99% sugar free when used as directed.

Use PhytoGolds as part of the complete Modere Axis™ regimen together with TreBiotic and PhytoGreens to work synergistically to support your microbiome and take control of your overall wellness.
