- Promotes antioxidant capacity*
- Encourages better hydration for better health*
- Aids nervous system*
- Provides cardiovascular support*
- Superior source of essential folate
- Good source of essential magnesium
- Gluten-free, dairy-free, vegan, keto-friendly

Product Details

Everyone knows that drinking plenty of water is essential to good health, but it can be challenging to stay properly hydrated if you find plain old water to be flat and flavorless. In one simple step, you can make your water taste great and bolster its health benefits. Just drop an Optimize tablet into ordinary H₂O and watch our exclusive formula fizz into action, creating molecular hydrogen to promote cellular energy, antioxidant capacity and overall wellness.*

Our advanced formula takes the impressive health benefits of hydrogen water even further by adding magnesium and folate to support your cardiovascular and nervous systems. In some supplements, these two vital nutrients come in forms that your body can't use effectively. Optimize delivers the most bioavailable form of folate, so you get the nutritional support you need.*

It isn't always easy to drink enough water, get vital nutrients and enjoy the taste. Optimize makes it simple.

Directions/Usage

Add one tablet to 6 to 8 fl oz of water. Wait until tablet completely dissolves and consume within 20 minutes. Do not swallow tablet.
