## MODERE AXIS™ PHYTOREDS

Health & Wellness | Targeted Health

### Product Overview

Modere Axis™ PhytoReds helps optimize heart health, antioxidant capacity and vitality as well as support a balanced microbiome and immune health as part of a healthy diet rich in red fruits and vegetables. More than a superfood, it delivers 10 highly bioavailable and bioactive ingredients including 7 polyphenol-rich berries and red fruits and 3 phytonutrient-rich vegetables—beets, carrots and tomatoes, which are considered vegetables nutritionally.\*

PhytoReds' plant-based formula is packed with ingredients that are sources of phytonutrients including resveratrol and ellagic acid, two highly studied phytonutrients known to benefit heart health and abundantly found in grapes, blueberries, strawberries, raspberries and pomegranate. Resveratrol and ellagic acid may also help detoxify, improve nutrient synthesis and support brain and cognitive health\*.

### Product Details

While eating a more colorful diet is good advice, how can you ensure the foods you eat or the supplements you take deliver the phytonutrient health benefits they claim?

By supplementing your diet with plant-based Modere Axis™ Phytos, you can optimize your overall wellness. Every ingredient in PhytoGreens, PhytoReds and PhytoGolds is concentrated and formulated to be highly bioavailable and bioactive. This means that all 44 ingredients found in Modere Axis™ Phytos can be absorbed and actively used by the body to support key functions critical to wellness, including digestive health, heart health, immune health, joint health, vitality, energy and antioxidant capacity.\*

Modere Axis™ Phytos mix easily with water, juice, smoothies or other beverages. All three formulas are non-GMO, dairy-free, gluten-free, vegetarian and keto-friendly—each formula contains less than 0.5 g of sugar per serving.\*\*

Use PhytoReds as part of the complete Modere Axis™ regimen together with TreBiotic, PhytoGreens and PhytoGolds to work synergistically with your gut bacteria to support your microbiome, optimize micronutrient absorption and take control of your overall wellness.\*
