## SPORTS RUB

Health & Wellness | Perform

### Product Description

Modere Sports Rub is formulated with white willow bark extract to help you relax and capsiicum to provide a comforting feeling of warmth after physical activity.

### Product Benefits

- Massages away tension after a workout or long day
- Instantly provides a warming and cooling sensation on the site of application with natural capsiicum, menthol and peppermint oil
- Enhances relaxation with the calming aroma of menthol and peppermint oil
- Soothes and relaxes with white willow bark extract
- Promotes skin comfort with arnica, ginseng, lysine aspartate and zea mays

### Positioning Statement

Pre- or post-workout, or whenever your mind and body need special attention, this rejuvenating rub features a stimulating scent and powerful herbs and extracts that soothe and cool the skin.

A massage with Modere Sports Rub is the perfect treat your body deserves at the end of a long day. This blend of natural extracts and oils provides the skin with soothing relief after anything from casual activity to daily workouts. Peppermint oil and menthol provide a cooling sensation to the skin and release a therapeutic aroma that calms the senses, while capsiicum provides a feeling of warmth. Arnica extract is traditionally used to soothe skin after physical activity, and white willow bark extract is known for its relaxing aroma.

Carry a tube in your gym bag and another in your briefcase, and you'll always be one touch away from the ultimate warming, cooling and relaxation for your skin.

### Directions/Usage

Apply generously to the skin and massage so that the cream is absorbed into the skin for ultimate impact. Repeat three or four times daily or as needed.

**CAUTION:** Do not apply to irritated skin or if excessive irritation develops. Avoid getting into the eyes, mouth, or on mucous membranes.

### Key Ingredients

- White willow bark extract
- Capsicum extract
- Arnica extract
- Menthol
- Peppermint oil
- Ginseng extract
