

MÖDERE® FACT SHEET

LIQUID BIOCELL® EQUINE

Pet

Product Description

Liquid BioCell Equine is a cutting-edge nutraceutical designed to provide healthy joint support for horses of all breeds. Exclusively formulated with Collagen/HA Matrix® Technology in our advanced liquid delivery system, it helps maintain mobility, and the function, of your horse's healthy joints while maintaining a healthy coat.

Product Benefits

- Supports joint mobility and lubrication
- Helps maintain joint function
- Maintains healthy skin

Positioning Statement

Shouldn't your horse enjoy the benefits of Liquid BioCell too? Exclusively formulated with Collagen/HA Matrix Technology, Liquid BioCell Equine is especially designed to help maintain mobility and joint function. The advanced liquid delivery system helps your horse maintain a healthy coat too.

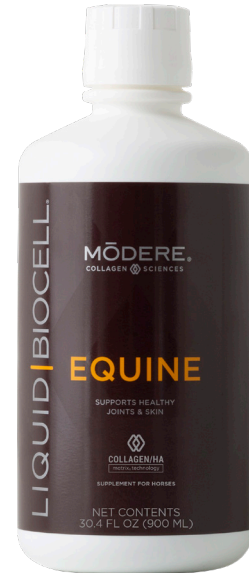

At the same time, our powerful formula supports normal daily exercise. For its use in humans, Liquid BioCell® has been awarded 7 U.S. and international patents plus multiple industry awards, including Best Bone & Joint Health Ingredient by Frost & Sullivan and again by SupplySide West.

Directions/Usage

Directions for Use: Administer once daily as a supplement for horses. Can be given during or after meal time. Pour product into cap and measure the appropriate serving based on the chart below.

| Body Weight (Pounds) | (KG) | Serving Size | Servings Per Container |
|----------------------|---------|--------------|------------------------|
| <800 | <365 | 20 mL | 45 |
| 800-1099 | 366-500 | 30 mL | 30 |
| 1100-1399 | 501-636 | 40 mL | 22.5 |
| 1400-1699 | 637-773 | 50 mL | 18 |
| 1700+ | 774+ | 60 mL | 15 |

Warnings: For animal use only. Keep out of the reach of children and animals. In case of accidental overdose, contact a health professional immediately. This product should not be given to animals intended for human consumption. Do not use if the safety seal is broken. Store in a cool, dry place away from sunlight.
