## TRIM COCONUT LIME

Health & Wellness | Slim

---

### Is it gluten-free?

- Yes, Trim Coconut Lime is gluten-free.

### Is it sugar-free?

- Yes, Trim Coconut Lime is sugar-free.

### Is it non-GMO?

- Yes, Trim Coconut Lime is non-GMO.

### Is Trim Coconut Lime dairy-free?

- Yes, it is dairy-free.

### Can someone with a coconut allergy take Trim Coconut Lime?

- Yes, Trim Coconut Lime is safe for those with a coconut allergy, as it contains no coconut.

### If Trim Coconut Lime does not contain coconut, how is the flavor achieved?

- The flavor in the Trim Coconut Lime comes from natural ingredients and is free of major allergens. The exact blend is proprietary.

### Trim Coconut Lime is not as thick as Lemon, Vanilla or Chocolate. Why?

- To achieve the best flavor, the amounts of glycerin and water in the product were adjusted. Trim Coconut Lime contains less glycerin than the other three flavors, resulting in a formula that is less thick and lower in calories as well.

### Is the serving size the same as the other flavors of Trim?

- Yes, the serving size is the same (15 mL).

### Does Trim Coconut Lime contain the researched amount (clinical strength) of CLA?

- Yes, it contains the researched amount (clinical strength) of CLA.

### What are the differences between the four different flavors of Trim?

- Trim Lemon, Vanilla, Coconut Lime and Chocolate all contain the clinically studied amounts of Liquid BioCell® and conjugated linoleic acid. Each formula has been carefully crafted to deliver all the benefits of the key ingredients together with an appealing texture, ease of pouring, and delicious new flavor options in the lowest calorie counts possible.
