

MÖDERE.
CellProof

BIOCELL COLLAGEN® CG
PATENTED, AWARD-WINNING COSMECEUTICAL BREAKTHROUGH.

THE SCIENCE OF CELLPROOF

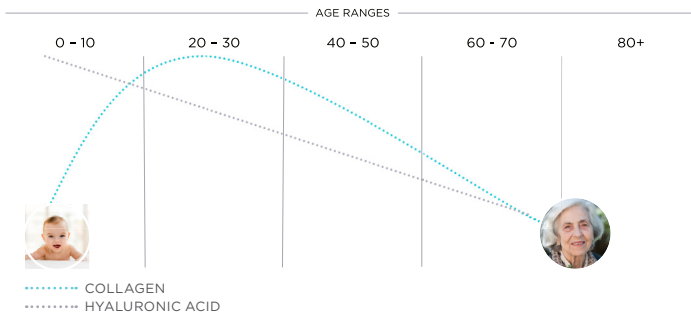

THE SCIENCE

Dull skin, deepening wrinkles and an aging jawline seem inevitable as you age.

That’s because with age, the body’s levels of collagen and hyaluronic acid – compounds critical to skin firmness, hydration and smoothness – naturally decrease. This affects skin’s hydration levels and collagen network. Skin is drier and rougher, wrinkles are more common with greater depth, and skin tone becomes less even with an aged appearance.

These changes begin in our 20s and are made even more pronounced by environmental exposure, pollution and stress.

HYALURONIC ACID & COLLAGEN LEVELS DECLINE WITH AGE

COLLAGEN/HA

Modere® CellProof remarkably renews skin with Collagen/HA Matrix® Technology.

Modere CellProof is an advanced skin care system that uses a ground-breaking hyaluronic acid and collagen peptide ingredient backed by patented, award-winning Collagen/HA Matrix® Technology, shown to help visibly diminish signs of aging and promote the look of youthful vibrance and skin health.

Combining this advanced collagen peptide with a science-backed skin tightening complex and antioxidants, Modere CellProof Serum is unique in its approach to firm and protect skin's appearance and deliver rapid, dramatic results‡ you can begin to see in less than 5 minutes!

Our key ingredient - with patented, award-winning Collagen/HA Matrix® Technology

Cosmetic-grade BioCell Collagen CG features the same Collagen/HA Matrix® Technology that's the foundation of our award-winning Liquid BioCell® supernutraceutical products. In Modere CellProof, it moisturizes the skin from the outside to increase the appearance of youthful plumpness while reducing the appearance of fine lines. In Liquid BioCell, this patented technology nourishes the skin from the inside, diminishing wrinkles, promoting hydration, enhancing firmness and increasing elasticity.*

BioCell Collagen® CG was awarded Best Collagen Peptide¹ of 2012 by Frost & Sullivan.

FROST & SULLIVAN

¹NORTH AMERICAN COLLAGEN PEPTIDE IN PERSONAL CARE NEW PRODUCT INNOVATION AWARD

"Collagen/HA Matrix® Technology is a standalone ingredient in both the nutraceutical and cosmeceutical worlds and is pioneering the 'inside-out' approach to beauty."

Dr. Jon M Grazer, MD, MPH, FACS
Board-certified plastic surgeon,
assistant clinical professor at UC Irvine

THE PRODUCTS

Modere CellProof Essentials include CellProof Serum, CellProof Moisturizer and CellProof Infusion Mask. In three simple steps, this advanced skin care solution works powerfully to deliver visible results.

OXYGENATE, AWAKEN
AND RENEW TIRED SKIN

- AWAKENS AND PRIMES SKIN FOR BENEFICIAL BOTANICALS
- RENEWS YOUTHFUL-LOOKING SKIN
- REDUCES THE APPEARANCE OF SKIN AGING
- REVIVES YOUR NATURAL RADIANCE
- SUPPORTS NATURAL MOISTURE BARRIER AND HYDRATION

Modere CellProof Infusion Mask

delivers effervescent oxygen via patented Ox3™ technology to instantly awaken skin's appearance, allowing rare botanicals like award-winning snow algae and summer snowflake to nourish skin surface. Each application reduces the appearance of wrinkles and supports hydration for fresh, vibrant-looking skin.

KEY INGREDIENTS

Ox3™ proprietary blend

Our patented oxygen delivery system awakens skin on contact with thousands of bubbles, prepping skin to receive further benefits from powerful botanicals.

Snow algae

(Coenochloris signiensis) A rare botanical that thrives in cold, harsh environments, snow algae defends itself by conserving moisture throughout the year. Our award-winning extract provides the same moisture-preserving effect on the skin, supporting its natural moisture barrier and leaving skin looking fresher and more even.

Summer snowflake

(Leucjum aestivum)

This botanical extract provides potent antioxidants as it evens skin tone and improves skin texture, visibly smoothing the appearance of fine lines and wrinkles.

2

VISIBLY TIGHTEN, TONE
AND FIRM SKIN, INSTANTLY*

- SUPPLIES COLLAGEN TO RESTORE HEALTHY-LOOKING SKIN
- DELIVERS HYALURONIC ACID FOR INTENSE HYDRATION
- PRODUCES AN INSTANT FIRING EFFECT (WITHIN 5 MINUTES)
- SMOOTHS THE APPEARANCE OF FINE LINES AND WRINKLES
- PROVIDES ANTIOXIDANTS
- REVIVES THE LOOK OF TIRED SKIN

Modere CellProof Serum combines patented BioCell Collagen® CG, a ground-breaking, naturally co-existing matrix of hyaluronic acid and collagen peptides, with a science-backed skin tightening complex and potent antioxidants to instantly* firm, tighten and smooth the appearance of fine lines and wrinkles.

*Within 5 minutes.

BioCell Collagen® CG

Our multi-patented, naturally co-existing matrix of hyaluronic acid and collagen peptides is shown to intensely hydrate and moisturize skin, reducing the look of fine lines and wrinkles.

Skin-tightening complex

Combining acacia Senegal gum and hydrolyzed rhizobian gum, this science-backed tightening complex forms an invisible network across the surface of the skin. Quickly absorbed, it produces a tightening effect, instantly reducing the appearance of wrinkles

and leaving skin visibly smoother and firmer in less than 5 minutes.

Vitamin C

Our scientifically advanced form of vitamin C supports collagen on skin's surface to help promote youthful skin tone, elasticity and a healthy glow.

African birch bark extract

A potent antioxidant, this exotic ingredient supports vitamin C to help minimize the effects of the environment and the appearance of wrinkles.

Aloe vera

Although aloe is best known for after-sun care and its ability to gently soothe and condition skin, this powerful plant is also highly effective at revitalizing the look of skin that is dry and coarse as a result of environmental factors and aging.

Meadowfoam seed oil

CellProof Serum combines two components derived from meadowfoam seed oil that have been shown to moisturize, condition and help rejuvenate skin appearance while creating a protective barrier to help prevent moisture loss.

French plum oil

Naturally rich in fatty acids, including omega-6 and omega-9, and a natural antioxidant, French plum oil is ideal for softening skin and enhancing its healthy glow while offering protection from environmental factors.

Allantoin

Well known for its ability to gently soothe while supporting skin's natural protective barrier and enhancing moisture retention, allantoin also has a keratolytic effect, allowing it to function as a very mild exfoliant for soft, smooth-looking skin and enhanced radiance.

INTENSELY HYDRATE AND
SMOOTH SKIN'S APPEARANCE

- PROVIDES INTENSE HYDRATION
- HELPS SMOOTH SKIN FOR IMPROVED TEXTURE
- HELPS EVEN THE APPEARANCE OF SKIN TONE
- PROMOTES THE LOOK OF ELASTICITY
- HELPS PROTECT SKIN AGAINST THE ELEMENTS

Modere CellProof Moisturizer

features patented BioCell Collagen® CG, plus naturally derived astaxanthin and a blend of advanced peptides, luxurious plant butters and natural fruit extracts to provide intense hydration. This luxurious formula melts into skin to visibly enhance firmness, reduce wrinkles and even skin tone.

BioCell Collagen® CG

Our multi-patented, naturally co-existing matrix of hyaluronic acid and collagen peptides is shown to intensely hydrate and moisturize skin, reducing the look of fine lines and wrinkles.

Astaxanthin

A powerful natural antioxidant, astaxanthin helps hydrate and smooth the skin's appearance and support the look of elasticity. The vivid natural pigment gives CellProof Moisturizer its soft, peachy color.

Vitamin C

This stable, oil-soluble form of vitamin C provides antioxidant benefits.

Advanced peptide blend

Potent peptides reduce the appearance of wrinkles and renews surface cells to improve skin moisture and radiance.

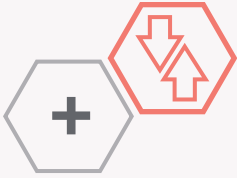

Cocoa & shea butter

A blend of luxurious plant butters leave skin touchably soft and intensely hydrated.

"Modere CellProof rivals the most sought-after skin care products in the world. Paired with Liquid BioCell®, it creates a comprehensive beauty system based on multi-patented Collagen/HA Matrix® Technology to deliver dramatic results."

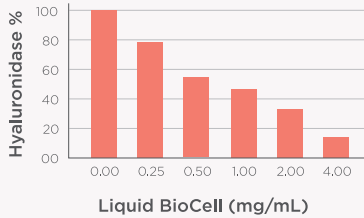

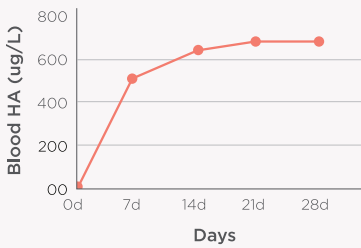

Dr. Kelly Mattone, MD

Cosmetic physician, board-certified in physical medicine & rehabilitation

Liquid BioCell®

brings the same multi-patented technology behind cosmetic-grade BioCell Collagen in an ingestible form, clinically shown to increase hydration and reduce wrinkles from the inside while helping to renew skin elasticity and moisture. And that's just the beginning. Research shows a noticeable reduction in hyaluronidase, the enzyme that can cause skin aging.*

360°

MODERE INSIDE-OUT BEAUTY SYSTEM

For optimal results, pair Modere CellProof with award-winning Liquid BioCell®. This exclusive 360° approach delivers multi-patented Collagen/HA Matrix® Technology in both a topical (CellProof) and an ingestible form (Liquid BioCell), for noticeably more radiant skin. While any one of these products alone will significantly upgrade your skin care regimen, when used together, the overall benefits of these individual formulas is far greater than the sum of their parts. Make the Modere Inside-Out Beauty System your daily routine for radiant, healthy-looking skin. Because you deserve to look as vibrant as you feel.

THE RESULTS

Within five minutes,

88%* noticed a **tightening effect** in their skin.†

After one week, **100%*** said their skin was more **hydrated** and **moisturized**.

After three weeks, **100%*** felt more **confident** in their skin.

After one month, **100%*** said they would **recommend** the product to friends.

*Modere customers and independent representatives. Product trial participants were asked to complete a survey. Percentages are based on the number of post-trial survey responses received; not on the total number of product trial participants.

5 MINUTES:

30 DAYS:

SEE THE PROOF. INSTANTLY.†

Volunteers who tested Modere CellProof products were astonished by the results. Now it's your turn.

Experience our patented, award-winning cosmeceutical breakthrough.

†CellProof Serum results within 5 minutes.
