READY-TO-FINISH FIRE PIT KITS COLLECTION

RTF48S-K

RTF48CDNG-K

PERFECT FOR CUSTOMIZATION

Ready-to-finish fire pit enclosures are made from Fiberock® backerboard and G90 marine-grade galvanized steel framing. These can be finished on-site to match your landscaping, hardscaping, or exterior design with granite, stone, stucco, or Supercast Concrete tops. Save time on your project but still customize the look to fit the surrounding patio and landscaping design. A UL Listed Crystal Fire® Plus Burner is included to complete the stunning look.

FEATURES:

- Available in round, linear, and square shapes
- Made using G90 marine-grade galvanized steel framing and Fiberock® backerboard
- Fire pit opening enclosure is lined with aluminum
- Includes aluminum top, burner insert, two ventilation plates, and standard control panel
- Burner insert comes standard with clear glass gems – additional fire media may be necessary depending on enclosure opening
- Control panel will either have turn dial or switch depending on ignition type
- Other [DSI controls](#), timers, e-stops, and fire media sold separately
- Can be used for liquid propane or natural gas installations – hard-pipe installation recommended
- Most ship in one piece with drop-ship option available
- Most do not fit 20 lb. liquid propane tank in base
- UL Listed, Made in USA with US and imported parts
- Contact sales@outdoorrooms.com for information on custom sizes

Crystal Fire^{PLUS} BURNER COLLECTION

STUNNING AND RELIABLE

Round, Square, and Linear Stainless Steel Crystal Fire® Plus Burners can be used for custom-built fire pits or your own outdoor fire feature to complement your landscaping project. All burners have a higher BTU capacity and upgraded burner construction for a brighter, taller, fuller, more yellow flame. Adjust the flame height to your desired setting and enjoy. With just the push of a button, a beautiful clean-burning fire appears atop a bed of tempered fire

FEATURES:

- Commercial-grade #304 stainless steel
- Safety ignition and shutdown – will shut off connection to gas source if flame is extinguished for any reason
- "Positive Connect" offers minimal gas connections and quick installation time as most connections made in factory
- Burners above 12" x 64" include two valves and two control panels
- Installation should be completed by a certified gas technician
- Depending on your application, you may need less fire media than suggested/included amount. Contact OGC for further assistance.
- UL and ULC Listed to ANSI Z21.97-2017/CSA 2.41-2017
- Fully adjustable flame height
- Comes setup for liquid propane but can be converted to natural gas using included conversion kit
- Includes Variable Control Safety Valve, LP hose and regulator, metal flex hose, clear tempered fire glass gems
- See [Commercial CFP Burner Info Sheet](#) for DSI options
- See [DIY Burner Kit Info Sheet](#) for do-it-yourself options

STUNNING AND RELIABLE

Round, Square, and Linear Stainless Steel Commercial Crystal Fire® Plus Burners can be used for custom-built fire pits or your own outdoor fire feature to complement your landscaping project. All burners have a higher BTU capacity and upgraded burner construction for a brighter, taller, fuller, more yellow flame. With just the push of a button, a beautiful clean-burning fire appears atop a bed of tempered fire glass gems. UL and ULC Listed to ANSI

FEATURES:

- Commercial-grade #304 stainless steel
- Safety ignition and shutdown – will shut off connection to gas source if flame is extinguished for any reason
- "Positive Connect" offers minimal gas connections and quick installation time as most connections made in factory
- Burners above 12" x 64" include two valves and two control panels
- Installation should be completed by a certified gas technician
- Depending on your application, you may need less fire media than suggested/included amount. Contact OGC for further assistance.
- UL and ULC Listed to ANSI Z21.97-2017/CSA 2.41-2017
- Please specify LP or NG, not field-convertible
- Includes Direct Spark Ignition system, hose and regulator (for LP), metal flex hose, clear tempered fire glass gems, and emergency stop button
- Optional Direct Spark Ignition safety system remote (CF-DSI-R), Bluetooth smart app (DSI-SA), timer, other control panel configurations, and other accessories sold separately
- Refer to the [Direct Spark Ignition Info Sheet](#) for more information on this electronic system

ELECTRONIC DIRECT SPARK IGNITION (DSI)

CF-DSI-LP
CF-DSI-NG

EASY TO CONTROL, COMMERCIAL-APPROVED

Take the work out of operation with our electronic ignition system. The Direct Spark Ignition (DSI) system is safe and easy-to-use, making it ideal for apartment complexes, hotels, restaurants, and high-end residential applications. Simply turn on the switch, dial the timer, or remotely operate the flame of your burner whenever heat and ambiance is desired in your outdoor area. Direct Spark Ignition is an optional add-on to all of our Crystal Fire® Plus

FEATURES:

- Automatic flame ignition with single control either on the fire pit or nearby surface
- System comes set up to run on 110V (highly recommended) or optional battery operation (CF-DSI-BP)
- Electronic valve and module housed inside waterproof enclosure
- Includes red Emergency Stop Button, switch bypass, and ON/OFF control panel
- Optional Bluetooth® Smart App (DSI-SA), 4-Hour Timer (4HRTC), and other accessory configurations sold separately
- Compatible with most Smart Home apps
- Order specific for liquid propane (CF-DSI-LP) or natural gas (CF-DSI-NG)
- Patent Pending
- UL and ULC Listed

FOLDING GLASS WIND GUARD COLLECTION

FOLDED UP

FOLDED DOWN

TWO-IN-ONE DESIGN

The Folding Wind Guard provides the convenience of a glass wind guard and burner cover in one design. Place the panes of glass up to protect the flame and maximize safety, then place them down to cover and protect the burner when not in use. Available in two sizes for use with the 12" x 24" and 12" x 42" Crystal Fire® Plus Burners.

FEATURES:

- Glass wind guard when in use
- Burner cover when not in use
- Tempered glass
- Durable extruded aluminum frame
- Reduces wind effect
- Provides safety barrier from small children and animals
- Easy to set up and clean
- Patent pending

Fits models:

CUSTOM KITCHEN COLLECTION

See page 2 for drawing

BUILT TO ORDER

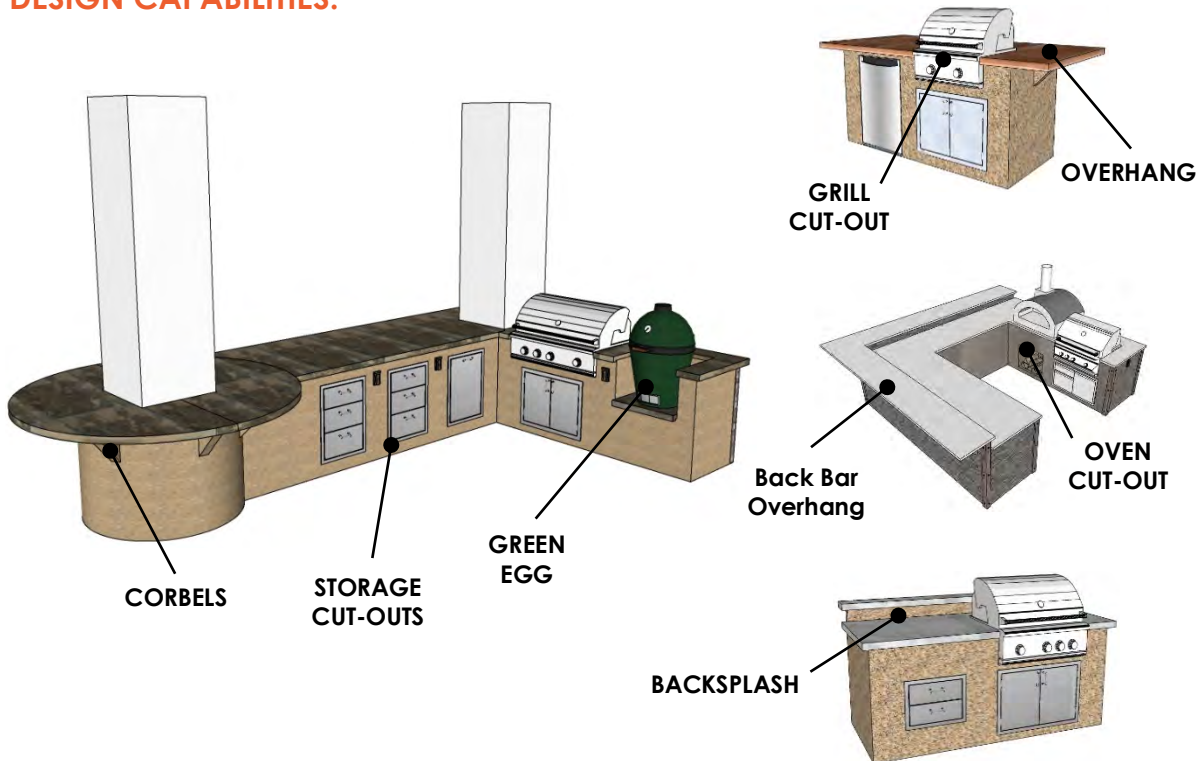

Turn your outdoor dream into a reality with a custom outdoor kitchen island. Outdoor kitchens are the modern solution for bringing everyday cooking essentials to a comfortable backyard space. Custom kitchens utilize G90 marine-grade galvanized steel framing with Fiberock® backerboard. Common finishing materials include stucco, Supercast™ concrete, granite, and natural stone.

SEAMLESS CUSTOM PROCESS:

1. Submit sketch to The Outdoor GreatRoom Company, including:
 - o Dimensions
 - o Location of accessories and outlets
 - o Optional finishes (see page 2)
 - o Accessory specifications – choose your own or buy through OGC (see page 3)
2. A custom drawing and quote will be provided within 48 business hours
3. Work with team to fine tune design and specifications
4. Place order with The Outdoor GreatRoom Company
5. ENJOY

See Custom Kitchen Form on page 5. Submit to sales@outdoorrooms.com.

DARIEN COLLECTION

CONTEMPORARY COASTAL DESIGN

Embrace the elegance and durability of teak wood with the Darien Collection. Choose between an aluminum or Everblend™ concrete top for the Darien gas fire pit table to best fit the style of your outdoor room. The variation of texture with Everblend highlights a durable, unique design for a custom finish. Embrace a more modern design with the smooth, industrial look of the aluminum top. Complete this look by adding a pair of Darien chairs for

FEATURES:

- Aluminum or Stone Grey Everblend™ concrete top
- Grade A Teak Wood Base – use teak sealer to keep warm honey glow, or allow wood to naturally age into silvery grey patina
- 12" x 24" Crystal Fire® Plus Burner with clear tempered fire glass gems – 55,000 BTUs (LP/NG)
- Matching burner cover included for Aluminum top; grey glass cover included for Everblend™ concrete top
- Optional glass wind guard, protective cover, and other fire media sold separately
- Product is setup for liquid propane but can be converted to natural gas using included conversion kit
- Comes standard with Manual Ignition with battery-operated sparker, or upgrade to electronic [Direct Spark Ignition](#)
- Access Door conceals standard 20 lb. propane tank in base
- UL Listed, Made in USA with US and imported parts (DAR-1224-EGB-K)
