Parts Required

Leg

Leg Base

Screws
(Provided with
the leg)

Bolt
(Provided with
the leg)

Tools Required

Screwdriver

Drill

Pencil

Remember to take care when unpacking. Please keep your workspace clean, clear and tidy when working. This will help keep all items safe from any damages. Any un-needed cardboard or plastic should be flattened down and placed in the bin.

Worktop legs should be added once the worktop has been fitted.

When installing the worktop legs always refer to the manufacturer's instructions because every leg is unique.

Finding the position of the leg/s

Here are some tips for positioning the worktop legs:

1. When positioning/installing the worktop legs, make sure they do not obstruct any doors.

2. The worktop legs should be positioned no more than **600mm** apart to support the worktop.

Follow the manufacturer's instructions to attach the worktop leg to the worktop.
