

## Decorative Barrel Hinge Attachment Guide

**After attaching the decorative barrel hinges, adjust the unit hinges as needed to ensure the door opens and closes properly.**

### Step 1.

Mark the door 108mm from the top and the bottom to the centre of the hinge.

### Step 2.

Line up the centre point of the Decorative Barrel Hinge to the reference point.

Drill 2 x pilot holes per Decorative Barrel Hinge using a 2mm drill bit and secure the hinges using 2 x 12 mm screws provided.
