

Introducing the latest addition  
to the NX300 Network

# Fast Effective Clean

70% Saving in Cleaning Costs  
80% Lower Water Use

## 244NX

### Compact Scrubber

NX300 Pro Cordless

Power Driving Productivity

**The 244NX Compact Scrubber delivers fast, effective cleaning across all hard floors.**

Often, the only solution when cleaning in small and congested areas has been traditional mopping, typically leaving floors wet with inconsistent results. Lightweight and easy to use, the **244NX** leaves floors clean, dry and safe while reducing labour costs by 70% and water use by 80%.

**One-Pass Performance**

One-pass cleaning performance is achieved by applying brush pressure and powerful drive motors with the right amount of water in the right place.

**Smart & Sustainable Water Distribution**

The centrifugal delivery of water using a direct feed through the brushes minimizes overall water use, has no messy spray-off and increases efficiency by reducing time-consuming refills.

**Easy Cleaning Park-Up Mode**

“Park-Up” feature allows users to quickly park-up to move obstacles or carry out other cleaning tasks.

**NX300 Cordless Cleaning Network**

The NX300 Cleaning Network brings the convenience and performance of professional cordless cleaning across our growing battery range.

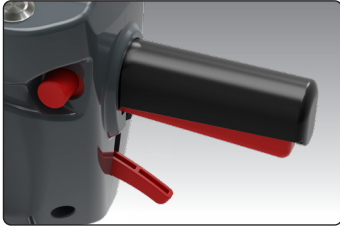

**Agile and Lightweight**

Agile and lightweight handling easily navigates obstacles in congested areas, gliding over floors for controlled, effortless cleaning.

**Support at your Fingertips, straight from your phone**

Access a wide-range of multilingual help and support, including troubleshooting and maintenance videos, through the Nu-Assist App.
