1. **Can I earn CPE credits at NAFOA’s 38th Annual Conference?**
   Yes. The majority of the general and breakout sessions are eligible for CPE credits. Total CPE credits will be based on the final conference agenda, but the full program will be worth a minimum of 10 CPE credits.

2. **How do I request a CPE Certificate to prove I earned credits?**
   There is a CPE Worksheet at the registration desk. Fill out the requested information, including the mailing address for the certificate, and turn it in prior to leaving the conference. The certificate will be mailed to you within two weeks of the conference concluding.

3. **How do I keep track of the credits I earn at this conference?**
   There is a CPE Worksheet at the registration desk. Fill out the requested information, and during the conference keep track of the sessions you attend. Tally up the total minutes you attended, divide by 50, and round down to determine the total number of credits you will earn.

4. **Do I have to sign in at each session?**
   Yes, there is a sign-in sheet in each session room. At the start of each session a sign in sheet will begin to circulate around the room. In addition, one is on the AV table. In order to receive credit for all the sessions and instruction time you attend, you must sign the attendance sheets. In addition, you must indicate if you entered the session late or left early. In accordance with NASBA requirements, a NAFOA staff member or volunteer will be on-site in each room to monitor attendance.

5. **I forgot to sign during one of the sessions; do I still have a chance to complete this task?**
   Please come to the registration desk and speak to a NAFOA staff member about this.

6. **General program information:**
   The program level is intermediate, no advanced preparation required, and the delivery method is Group-Live. Program prerequisites are a basic understanding of tribal finances and the financial goals of your tribe.

7. **Learning Objectives:**
   - Understand the developments in Indian Country and how they may impact your tribe and enterprise.
   - Learn how continued tax regulation changes impact tribal governments and enterprises and steps to engage key regulatory stakeholders.
   - Learn how tribal governments can carry through complex financing of housing services through private and public means.
   - Learn how periodic updating of policies and procedures is beneficial for your tribe and/or enterprise to maximize favorable outcomes for employee satisfaction and workplace continuity.
   - Learn how tribal governments can carry through complex financing of education and healthcare services through private and public means.
• Understand two key challenges Indian Country must consider when seeking access to capital and overall success in current year’s legislative and regulatory environment.
• Learn the impacts of current GASB standards that are implemented for FY 2020 and how tribal governments and enterprises can apply these standards.
• Learn why social media management is important to overall success of governments and enterprises alike.
• Understand the MOA surrounding recent updates to the 477 program and how it may affect your tribe.
• Understand current developments in the tribal finance space and work-life balance.
• Learn the fundamental changes to how to code and account for your leases in a tribal government and enterprise setting from noted experts and professionals.
• Learn two different strategies for conducting economic diversification in a rural economy and one thing another tribe is doing to address economic development.
• Learn about ESG more generally and how different firms are tackling social impact with investments across the world and in Indian Country.
• Learn at least two different strategies tribal governments can take to enter the hemp industry and further explore the opportunities of hemp.
• To better understand how to choose an indirect cost rate for better federal award effectiveness and outcomes.
• Learn at least three advantages of having a tribal convenience store and the varied regulatory and pricing considerations for continued success.
• Understand the broad application of drone technology for better service outcomes in government and enterprise settings.
• Learn at least three valuation techniques a tribe can use to assess whether expansion at the current time makes financial sense.
