

2024 LEADERSHIP SUMMIT

The NAFOA Leadership Summit offers young Native American leaders the opportunity to accelerate their professional development.

Out of the most competitive group of applicants, NAFOA selected 10 young professionals in 2024 who have demonstrated a commitment to the well-being and advancement of Indian Country.

The NAFOA Leadership Summit provides an invigorating experience that puts attendees at the forefront of tribal economic development. My experience personally was very informative and has only increased my interest in tribal economic development.

Thank you for your commitment to tribal economic development and providing resource for our next generation of leaders to gain the experience they need to lead our communities.
