PAU D' ARCO LOTION

For Targeted Skin Support

Fortified with *Tabebuia heptaphylla* bark extract derived from the ancient Pau D'Arco tree, Pau D'Arco Lotion provides a powerful formula that replenishes the skin's moisture barrier, prevents damage to the skin and promotes skin elasticity. Its moisturizing properties help soothe irritation and itching caused by dry skin.

BENEFITS

- Moisturizes and soothes the skin
- Non-greasy
- Absorbed quickly
- Free from parabens, fragrances and dyes
- Safety-, allergy- and dermatologist-tested

KEY INGREDIENT

Tabebuia heptaphylla bark extract is derived from the Pau D'Arco tree, which grows in humid climates. Yet somehow this tree does not grow fungus on its bark. Scientists studying the bark have found that it contains lapachol and beta-lapachone, two compounds that help this tree provide important anti-fungal properties. (These compounds are noted for their activity against fungi and microbes.) This bark also contains significant amounts of the antioxidant quercetin.

Pau D'Arco Lotion contains natural seed oils known for their moisturizing properties and their ability to help the skin retain moisture. These include sunflower, coconut fruit, macadamia seed and olive seed.

RECOMMENDED USE

Apply generously to hands and body.

INGREDIENT LISTING:

Water, alcohol, cetearyl alcohol, caprylic/capric triglyceride, glycerin, pentylene glycol, c13-15 alkane, *Helianthus annuus* (sunflower) seed oil, glyceryl stearate, potassium olivoyl hydrolized oat protein, *Tabebuia heptaphylla* bark extract, behenyl alcohol, xanthan gum, *Butyrospermum parkii* (shea) butter, *Cocos nucifera* (coconut) oil, hydroxyacetophenone, glyceryl oleate, benzyl alcohol, sclerotium gum, lecithin, pullulan, *Macadamia ternifolia* seed oil, *Olea europaea* (olive) fruit oil, *Olea europaea* (olive) fruit unsaponifiables, sodium phytate, sodium hyaluronate.

NOTE: For external use only.

Pau D'Arco Lotion Ingredient Sheet	Function	Derived From	Highlight
Water	Base	Purified Water	Pure Water
Alcohol	Diluent and preservative	Ethanol	Allows the liquid extract to flow easily through the formula
Cetearyl Alcohol	Stabilizer	Vegetable Oil	Fatty alcohol that provides texture
Caprylic/Capric Triglyceride	Skin Conditioner	Coconut Oil	Commonly referred to as Fractionated Coconut Oil: fatty acids that moisturize the skin
Glycerin	Humectant	Vegetable Oil	Plant-based humectant
Pentylene Glycol	Skin Conditioner	Sugar Cane/Corn	Moisturizes the skin and enhances delivery of ingredients to the skin
C13-15 Alkane	Aesthetic Enhancement	Sugar Cane	Provides luxurious feel with light texture without the use of synthetic silicones
<i>Helianthus annuus</i> (Sunflower) Seed Oil	Moisturizer	Sunflower Seeds	Lightly moisturizing plant oil
Glyceryl Stearate	Emulsifier	Vegetable Oil	Keeps water-based and oil-based ingredients together
Potassium Olivoyl Hydrolyzed Oat Protein	Skin Conditioner	Potassium, Olive Oil & Oat	Provides additional moisturizing and emulsifying benefits
<i>Tabebuia heptaphylla</i> Bark Extract	Key ingredient	Pau D'Arco tree	Replenishes the skins moisture barrier, prevents damage to the skin and promotes skin elasticity
Behenyl Alcohol	Emulsion Stabilizer	Vegetable Oil	Keeps water-based and oil-based ingredients together
Xanthan Gum	Thickener	Fermentation	Enhances creamy feel
<i>Butyrospermum parkii</i> (Shea) Butter	Skin Conditioner	Vegetable Fat	Moisturizes the skin and creates a smooth, viscid lotion
<i>Cocos nucifera</i> (Coconut) Oil	Skin Conditioner	Coconut Fruit	Moisturizing plant oil
Hydroxyacetophenone	Preservative, Antioxidant, Anti-irritant, Emulsion Stabilizer	Found in certain trees	Protects product from contamination; protects the skin from free radicals and irritation; a good source of antioxidants
Glyceryl Oleate	Emulsifier	Vegetable Oil	Keeps water-based and oil-based ingredients together
Benzyl Alcohol	Preservative	Cassia Oil	Keeps product free from contamination
Sclerotium Gum	Stabilizer and Thickener	Fermentation	Enhances creamy feel
Lecithin	Emulsifier	NON-GMO Soybeans	Keeps water-based and oil-based ingredients together
Pullulan	Stabilizer and Thickener	Fermentation	Enhances creamy feel
<i>Macadamia ternifolia</i> Seed Oil	Skin Conditioner	Macadamia Seed	Lightly moisturizing plant oil
<i>Olea europaea</i> (Olive) Fruit Oil	Skin Conditioner	Olive	Lightly moisturizing plant oil
<i>Olea europaea</i> (Olive) Fruit Unsaponifiables	Skin Conditioner	Olive	Regenerates aging or damaged skin and restores skin suppleness and flexibility
Sodium Phytate	Skin Conditioner and chelator	Rice Bran	Moisturizes the skin and helps keep product stable
Sodium Hyaluronate	Skin Conditioner	Fermentation	Provides deep hydration
