

UltraBiome DTX

Advanced Heavy Metal Detoxification with Microbiome and Gut Barrier Support

Toxins from food, water and air can be absorbed and stored within the body, creating a bacterial imbalance within the gut that can further be disrupted by poor diet and chronic stress. As a natural protective mechanism, the body often stores toxins in fat but these toxins can be released into the bloodstream as fat dissipates. These issues can cause the body to function sub-optimally. Additionally, this gut imbalance can degenerate the gut lining and increase intestinal permeability, where food and toxins are released into the bloodstream, causing further metabolic dysfunction.*

BENEFITS

- Supports the elimination of heavy metals*
- Supports healthy intestinal permeability*
- Helps purify the gut and balance beneficial bacteria*
- Provides sustained energy and optimizes nutrient absorption*
- Supports a balanced glucose response*

HOW IT WORKS

Patent-pending UltraBiomeDTX improves critical gut and intestinal function and primes detox pathways to help the body target and eliminate toxins. It also fuels the growth of healthy bacteria, supporting microbiome balance and healthy intestinal permeability, by strengthening and tightening cellular junctions. Additionally, our proprietary phytonutrient blend adds superior free-radical protection to reduce oxidative damage to the gut.* Get unparalleled support for heavy metal detoxification, healthy intestinal lining integrity, full-body cleansing and regular elimination.*

INGREDIENTS

L-glutamine, broccoli flowers, chlorophyll, a unique phytonutrient blend, fiber (psyllium, inulin, fruit fibers and gums) and zinc.

RECOMMENDED USE

Mix the contents of one stick pack in 9 oz. water and shake or stir vigorously then drink immediately. For heavy metal detox and cleansing, take one serving twice daily between breakfast/lunch and lunch/dinner. For ongoing maintenance of gut health, detoxification and microbiome support, take one serving daily between meals.*

CAUTION

Take this product as recommended with plenty of liquid. Avoid use if you have ever had esophageal narrowing or swallowing difficulties. May cause allergic reaction in persons sensitive to inhaled or ingested psyllium. Absorption of certain medications may be affected by ingestion of psyllium. Wait at least two hours after taking medication before using this product and/or consult your physician.
