

# Bacillus Coagulans

## GO-ANYWHERE BIOME BALANCER

When the heat is on, it's nice to have a friend or two... or three billion. The more the merrier, especially when it comes to your gut. Naturally heat stable, Bacillus coagulans withstands the stomach's acidic environment, helping to repopulate the intestines with friendly bacteria and maintain balance in the microbiome.

### WHAT YOU'LL FEEL

Feel relief from pressure and instability in the gut and from urgency to use the bathroom. Bacillus coagulans is a super-friendly strain of probiotic that your digestive system can always turn to.

### WHY YOU'LL LOVE IT

- Helps relieve occasional digestive upset like diarrhea, gas and bloating when taken as directed
- Supports gastrointestinal health
- Is shelf-stable, requiring no refrigeration
- Contains prebiotic inulin to support the growth of friendly bacteria friendly microorganisms
- Provides 3 billion CFU Bacillus coagulans per serving

### THE SUNSHINE ADVANTAGE

Our Bacillus coagulans is manufactured in a state-of-the-art facility dedicated to this single strain to avoid contamination and to maintain batch consistency. It is vegan-sourced and non-GMO-verified.

Bacillus coagulans is a stable probiotic strain that powerfully supports intestinal health and helps balance the gut microbiome.

Inulin (fiber) acts as an important food source for friendly bacteria, supporting regularity and helps with metabolic health.
