COLLATRIM PLUS
Collagen is the protein building block for repair and maintenance of bone, muscle, skin, cartilage and all connective tissue. The rebuilding process cannot take place without collagen and supplementing the body with collagen can provide the body with this vital building block to remain healthy and strong throughout life as one ages.

PSYLLIUM HULLS
Psyllium hulls, also called husks, are the outer coverings of psyllium seeds, containing the majority of the bulking mucilage – complex carbohydrates that expand, becoming gelatinous when soaked in water. Psyllium hulls act like a colon “broom,” cleansing the intestines as it comes in contact with the intestinal wall. In convenient capsules.

The formula contains an array of targeted vitamins, minerals, phytonutrients and extracts, and adaptogen herbs. Conveniently packaged in take-anywhere packets for when you need to battle stress.
