REJUVENOID

NPN 80090994

30, 11.2 g packets, Dietary Supplement, Stock No. 22215

R rejuvenaid is a dual-pathway Nitric Oxide (NO) Generator for vasodilation and cardiovascular health.

Clinically studied Rejuvenaid naturally and safely produces and sustains healthy levels of NO. Unlike other NO products, this patent-pending formula uses a dual-pathway system featuring a proprietary beet root extract along with L-arginine. This dual-pathway approach frees up the body's ability to produce its own NO while using the ingredients to generate even more NO. Rejuvenaid also features a proprietary, polyphenol-rich antioxidant blend called Herbal Shield that offers select vitamins to help sustain higher levels of NO and support circulation.

Users report feeling the effects of Rejuvenaid working within 30-60 minutes after consumption.

Did you know?

The discovery of the NO molecule's role in health won three American pharmacologists the Nobel Prize in 1998. Made in the endothelial layer of the blood vessels and arteries, NO (a signaling gaseous molecule) is clinically shown to benefit blood flow and circulation by relaxing arteries and blood vessels, support immune function, mitochondrial efficiency and energy production, among other health benefits.

Clinical studies have shown that sustained higher levels of NO is associated with healthy blood circulation and vein/artery function, increased vitality, physical performance, stamina, recovery, mental acuity, sexual performance and lower blood pressure.

Rejuvenaid employs multiple methods of generating NO. Dietary nitrates (proprietary beet root extract) produce NO through what is called the "Nitrate-Nitrite-NO Pathway." When consumed orally, nitrates come into contact with oral bacteria in saliva, which further converts them into nitrites and ultimately into NO. L-arginine is a non-essential amino acid and a precursor to NO thus converting directly into NO. Antioxidants, herbal extracts and select vitamins support the body's natural ability to produce and sustain NO levels.

Because NO is quickly used up by the body, consuming daily Rejuvenaid NO-generating supplement is a good way to ensure a high level of this rejuvenating molecule.

A sedentary lifestyle, suboptimal diet and age can each negatively impact NO production. (By age 40, the body produces only half the NO it did during teen years.)

NSP Advantage

30 convenient take-anywhere packets of 11.2 g powdered mixture. Pomegranate citrus flavoured.

Ingredients: Medicinal Ingredients (per dose units): Inulin (Inulin, *Cichorium intybus* - root) 1733 mg, L-Arginine 1000 mg, L-Glutamine 1000 mg, Magnesium (Magnesium oxide) 42 mg, Ascorbic acid (Vitamin C) 60 mg, Vitamin D3 (Vitamin D, Cholecalciferol) 25 mcg, Green tea extract (*Camellia sinensis*, leaf) (80% Polyphenols, 60% Catechins, 30% Epigallocatechin 3-gallate, 10 : 1, QCE 150 mg) 15 mg, Vitamin B6 (Pyridoxine hydrochloride) 1.8 mg, Folic acid (Folate, L-5-Methyltetrahydrofolate) 200 mcg, Vitamin B1 (Thiamine, Thiamine mononitrate) 0.7 mg, Vitamin B12 (Methylcobalamin) 6 mcg, Apple (*Malus domestica*, fruit) (75% Polyphenols, 500 : 1, QCE 15000 mg) 30 mg, Beetroot (*Beta vulgaris*, root) 3000 mg. Non-Medicinal Ingredients: Citric acid, Xylitol, Oligofructose, D-Fructose, Pea protein isolate, Punica granatum fruit juice concentrate, DL-Malic acid, Cherry flavour, Lemonade flavour, Silicon dioxide, Stevia Rebaudiana leaf extract, Grape skin extract, D-Ribose, Citrullus lanatus (watermelon) fruit extract, Vitis vinifera (grape) seed extract, Wine extract, Olea Europaea (olive) leaf extract, Dicalcium phosphate, Citrus aurantium amara (Bitter orange) peel, Citrus flavour blend (Maltodextrin, Gum arabic, Ethyl alcohol, Silicon dioxide, Orange flavour, Lemon flavour, Lime flavour, Tangerine flavour and Vanilla flavour).

Recommendation (adults): 1 Packet 1 time(s) per day. 1 packet = 1 serving = 11.2 g. Mix product well in 1-2 cups of liquid (water, juice, etc.) immediately before consumption. Take with food. Ensure to drink enough fluid before, during and after exercise. Consult your health care practitioner for use beyond 6 weeks if you suffer from a cardiovascular disease.

Risk Information: Stop use and consult a health care practitioner if you develop symptoms of liver trouble such as yellowing of the skin/eyes (jaundice), stomach pain, dark urine, sweating, nausea, unusual tiredness or loss of appetite. Consult a health care practitioner prior to use if you are pregnant or breastfeeding, or have a liver disorder or an iron deficiency. If you are taking prescription medication, consult a health care practitioner prior to use. Consult a health care practitioner prior to use if you suffer from cardiovascular disease and are attempting an increase in physical activity or if your cardiovascular condition worsens. Consult a health care practitioner prior to use if you are taking medication for cardiovascular diseases, erectile dysfunction, and/or blood thinners. **Contra-Indications:** Do not use this product if you have had a heart attack. **Known Adverse Reactions:** Rare, unpredictable cases of liver injury associated with green tea extract-containing products have been reported. Hypersensitivity has been known to occur. Some people may experience gastrointestinal discomfort (such as diarrhea).

NATURE'S SUNSHINE®

REJUVENAID NPN 80090994

30, 11.2 g packets, Dietary Supplement, Stock No. 22215

Features & Benefits

- Helps to form red blood cells.
- Supports energy production.
- Helps in energy metabolism and tissue formation.
- Helps in the normal function of the immune system.
- Helps in energy metabolism in the body.
- Helps in collagen formation to maintain healthy bones, cartilage, teeth and/or gums. Helps to maintain proper muscle function and tissue formation.
- Helps to support immune function.
- Helps to maintain heart muscle function.
- Provides electrolytes for the maintenance of good health.
- Helps support and maintain a healthy digestive system.
- L-Arginine (a non-essential amino acid) is involved in protein synthesis.
- Workout supplement.
- Source of antioxidants that help fight against cell damage caused by free radicals.

ULTRA BIOME DTX

NPN 80075016

30, 13 g packets, Dietary Supplement, Stock No. 22202

UltraBiomeDTX improves critical gut and intestinal function and primes detoxification pathways to help the body target and eliminate toxins. It also fuels the growth of healthy bacteria, supporting microbiome balance and healthy intestinal permeability, by strengthening and tightening the gut's cellular wall. Additionally, a proprietary phytonutrient blend adds superior free-radical protection to reduce oxidative damage to the gut. UltraBiomeDTX provides unparalleled support for heavy metal detoxification, healthy intestinal lining integrity, full-body cleansing and regular elimination.

Did you know?

Heavy metals can accumulate in the body's fat cells, and as the fat dissipates it causes toxicity and health problems. Heavy metals have also been found to accumulate in brain cells causing neurological disorders. People, especially those living in urban areas, are exposed daily to a toxic mixture of heavy metal particles in the air, water, food, industrial byproducts, pesticides, herbicides, pollution, plastics, etc. It's estimated that over 50 percent of North Americans have heavy metal accumulation in their bodies.

Furthermore, heavy metal accumulation can create a bacterial imbalance within the gut that can further be disrupted by poor diet and chronic stress. Additionally, this gut imbalance can degenerate the gut lining and increase intestinal permeability, where food and toxins are released into the bloodstream, causing health problems throughout the body.

NSP Advantage

Advanced heavy metal detoxication with microbiome and gut barrier support. 30 convenient packets of 13 g powdered mixture.

Ingredients: Medicinal Ingredients: Green tea extract (*Camellia sinensis*) 15 mg, Inulin 2.5 g, L-Glutamine 2.5 g, Flaxseed (*Linum usitatissimum*) 600 mg, Apple (*Malus domestica*) 30 mg, Olive leaf (*Olea europaea*) 5.0 mg, Psyllium (*Plantago ovata*) 3.1 g, Sodium copper chlorophyllin (Trisodium 2S-trans)-(18-carboxy-20-[carboxymethyl]-13-ethyl-12-formyl-2, 3-dihydro-3,7,17-trimethyl-8-vinyl-21H, 23H-porphine-2-propionato [5-]-N21, N22, N23, N24) cuprate

(3-) 100.0 mg, Zinc 7.5 mg. Non-medicinal Ingredients: Beetroot red, Brassica oleracea italica (Broccoli) powder, Brassica oleracea var. capitata leaf flavour, Carrot root powder, Citric acid, Citrus flavour, Ethanol, Guar gum, Gum arabic, Lemon flavour, Lime flavour, Maltodextrin, Orange flavour, Pyrus malus (apple) fibre, Rosemary leaf extract, Silicon dioxide, Solanum lycopersicum (tomato) fruit extract, Stevia rebaudiana leaf extract, Tangerine flavour, Turmeric rhizome, Vanilla flavour, Vitis vinifera (grape) seed extract.

Recommendation (adults): 1 Packet 2 time(s) per day 1 packet = 1 serving = 13 g. Mix product well in at least 150 mL of water immediately before consumption.

Risk Information: Consult a health care practitioner immediately if you experience chest pain, vomiting, or difficulty in swallowing or breathing after taking this product. Consult a health care practitioner prior to use if you are taking medications which inhibit peristaltic movement (e.g. opioids, loperamide). Consult a health care practitioner prior to use if you have symptoms such as abdominal pain, nausea, vomiting or fever (as these could be signs of abnormal constrictions of the gastrointestinal tract, diseases of the oesophagus and/or the superior opening of the stomach (cardia), potential or existing intestinal blockage, paralysis of the intestine, megacolon, faecal impaction, inflamed bowel or appendicitis). Consult a health care practitioner prior to use if you have an iron deficiency. Consult a health care practitioner prior to use if you are following a low protein diet. Consult a health care practitioner if symptoms worsen or if laxative effect does not occur within seven days. If you are taking other diuretics, consult a health care practitioner prior to use. If you have a kidney disorder, consult a health care practitioner prior to use. If you have a liver disorder, consult a health care practitioner prior to use. Stop use if you develop symptoms of liver trouble such as yellowing of the skin/eyes (jaundice), stomach pain, dark urine, sweating, nausea, unusual tiredness and/or loss of appetite and consult a health care practitioner. **Contra-Indications:** If you are pregnant or breastfeeding, do not use. Do not use if you are experiencing a sudden change in bowel habits that has persisted for more than 2 weeks, undiagnosed rectal bleeding, or failure to defecate following the use of another laxative product. Do not use if you have diabetes mellitus in which blood sugar is difficult to regulate. Do not use if you have difficulty swallowing. **Known Adverse Reactions:** Hypersensitivity, such as allergy, has been known to occur; in which case, discontinue use. May cause mild gastrointestinal discomfort (such as gas, bloating, cramps). Allergic reactions can occur in people allergic to plants of the Oleaceae family. Rare, unpredictable cases of liver injury associated with green tea extract-containing products have been reported.

ULTRA BIOME DTX

NPN 80075016

30, 13 g packets, Dietary Supplement, Stock No. 22202

Features & Benefits

- Used in Herbal Medicine to promote bowel movement by increasing bulk volume and water content. A bulk-forming laxative formula.
- Used in Herbal Medicine to provide gentle relief of constipation and/or irregularity.
- Helps support immune and digestive system health after periods of physical stress.
- Helps the body to metabolize carbohydrates, proteins and fats.
- Source of antioxidant to help protect against oxidative damage caused by free radicals.
- Helps support and maintain a healthy digestive system.
- Helps stimulate the growth of healthy gut flora.
- Prebiotic. Helps stimulate the growth of health bacteria (such as bifidobacteria) in the intestine/gut.

THE PURIFY 2.0 PROGRAM

Eliminate Toxins, Restore Gut Health, Regain Energy

Sadly, it's no longer a question of IF you're toxic, but HOW toxic you are. Every day we are exposed to hundreds of chemicals—some man-made, some natural—that get into the blood. Even the blood of newborn babies contains hundreds of chemicals! So there's really no escaping the danger. Toxic metals like mercury, cadmium and arsenic are especially dangerous.

All of these toxins can seriously impact gut health, which can trigger a cascade of secondary health issues in the cardiovascular, respiratory, neurological, glandular and other body systems, and manifest in our skin, energy levels, weight and more. The secret to achieving and maintaining optimal health lies in decreasing our toxic load, purifying the blood and restoring balance to the gut.

Introducing Purify 2.0, a comprehensive, four-week program designed to detoxify and purify the body, help balance the gut microbiome and increase health, energy and mental focus on the way to living a healthier, more vibrant life.

PURIFY 2.0

A Revolutionary Heavy Metal
Detox Program

BENEFITS

- Helps detoxify the body
- Supports the elimination of heavy metals
- Supports healthy intestinal permeability
- Helps purify the gut and balance beneficial bacteria
- Increases feelings of energy and vitality
- Enhances circulatory and heart health function
- Supports gut health with essential proteins and nutrients

HOW IT WORKS

Purify 2.0 is composed of four products:

- NEW UltraBiomeDTX provides unparalleled support for heavy metal detoxification. It supports healthy

intestinal permeability, and supports microbiome balance, full-body cleansing and regular elimination.

- NEW Rejuvenaid stimulates exceptional nitric oxide production via two pathways to help relax blood vessel walls; improve blood flow, vitality and mental focus; and support blood pressure levels.
- Bacillus Coagulans supports the gastrointestinal system, providing relief from occasional digestive upset and helping to replenish and rebalance the microbiome.
- Protein powders provides fuel for a healthy metabolism and supports gut health.

INGREDIENTS

- UltraBiomeDTX—A unique, fibre/chlorophyll/l-glutamine drink formula proven to help reduce heavy metals in the body.
- Rejuvenaid—A cutting-edge formulation featuring red beet root and key amino acids.
- Bacillus Coagulans—A shelf-stable strain of probiotic that may provide relief from occasional digestive upset (gas, bloating, diarrhea).
- Protein powders—Two servings per day yields 40 grams protein plus essential vitamins and minerals from pea or whey protein. Or choose Nature's Harvest whole food powder with 13 grams of protein.

RECOMMENDED USE

Take each product as recommended in conjunction with a high-protein/vegetable diet. Strive to get 30 minutes of exercise per day.

CAUTION

Avoid using this product if you have ever had esophageal narrowing or swallowing difficulties. May cause allergic reaction in persons sensitive to inhaled or ingested psyllium.

See individual product information pages for supplemental facts info.
